Athletics: Capt. Joginder Singh and Kumari Manjit Walia; **Basket Ball:** Gurdial Singh; **Boxing:** Hav. D. Swamy; **Cricket:** E. A. S. Prasanna; **Hockey:** Balbir Singh of Services; **Shooting:** Princess Rajyashree Kumari of Bikaner.

Children's Books

The names of the authors together with those of the books and their languages are: A. P. Chowdhury, *Kalidas*, (Assamese); Nani Gopal Chakraborty, *Amader Pratibesi Keet Patanga* (manuscript), (Bengali); A. I. Prakash Bharti, *Chalo Chand Par Chalen* (manuscript) (Hindi); Ved Mittra, *Vigyan Ke Harokhe Se Tubhari Dunia* (manuscript), (Hindi); Rasik Shah, *Shakteepun Parmanu* (Gujarati); Sisu Sangamesh, *Nanna Gelia Japanada Taro* (Kannada); Rasik Shah, *Manushyan Kurangil Ninno* (Malayalam); Devidas Bagul, *Pisara* (Marathi); Anant Patnaik, *Saltukutuku Surjatia Kiashe* (Oriya); Dhanwant Singh Sithal, *Dharti Ka Shingar* (Punjabi); Pradhudas Brahmanchar, *Bapu Darshan* (Sindhi); V. Lakshimpatirao, *Swatantra Bharati* (manuscript) (Telugu); R. Aiyaswami, *Balaramayanam* (Tamil); and Saeed Ahmed Siddiqui, *Lo Ek Kahani Suno* (manuscript) (Urdu).

Hindi Writers

The award of prizes to 14 Hindi writers of non-Hindi speaking States:

The names of authors, their mother tongue within bracket & the names of books respectively are: Dr. Sarojini Mahishi (Kannada), *Atithi Satkar* (first prize); Gurunath Joshi (Kannada), *Kannad Sahitya Ki Roop-rekha* (second prize); M. G. Venkatakrishnan (Tamil), *Tirukkural* (first prize); Suryanarayana Bhanu (Telugu), *Telugu Ki Aadhunika Kavya Dhara* (first prize); Dr. N. S. Dakshinamurthi (Telugu) *Kump Ramayana Ki Katha* (second prize); A. Ramachandra Dev (Malayalam), *Tulsi Aur Tunchan* (first prize); Smt. P. Lakshmikuttyamma (Malayalam), *Teen Ekanki* (second prize); Pranav Kumar Bandopadhyaya (Bengali) *Athva* (first prize); Smt. Kanak Singh (Bengali), *Mahua* (second prize); Krishna Diwakar (Marathi) *Hindi Sahitya: Shodh aur Samiksha* (first prize); Anant Gopal Shevde (Marathi) *Indra Danush* (second prize); Abid Ali (Gujarati) *Mazdoor Se Minister* (first prize); Gayan Singh Mann (Punjabi) *Mrig Trishna* (first prize); Suresh Chandra (Punjabi) *Praval* (second prize)

Basic Literature

The 17 prize winners and title of their works in different languages are:

Smt. Seethalakshmi, *Samudhaya Valarchi* (Tamil); Gourish Chandra Mukherjee, *Nijere Haraye Khunji* (Bengali); Jawahar Lal Srivastava, *Samudaiik Sampatee Nirman Mein Panchayatoni Ki Bhumi*, (Hindi); S. N. Ahmed, *Panchayati Raj Taraqi Ke Raste Par* (Urdu); P. D. Maheshwari, *Grameen Vikas Tatha Barhe Hue Rozgar Ke Liye Grameen Jana Shakti Ka Upyog* (Hindi); Prabin Kumar Nowholia Phukan, *Swapan Dithak Holo* (Assamese); Smt. Santha Nair, *Samuhya Kshema thinde Naraya Veru* (Malayalam); Gouri Shankar Biswas, *Palli-Mangale-Pusti Parikalpna* (Bengali); Jayanti D. Shah, *Bhoomi Danani Bhitarma* (Gujarati); F. S. Bhandage, *Jeevanta Jana* (Kannada); Ranjit Singh, *Panchayati Raj Atee Kheti Utpadan* (Punjabi); Smt. Valluri Kamala, *Cheedapurugulu* (Telugu); Jagannath Mohanty, *Saphala Sahajogar Kahani* (Oriya); Bira Kishore Das, *Gotie Gaunra Kahani* (Oriya); A. Sivasubramaniam, *Vilai-porul Virpanikku Oru Kooturavu Sangam* (Tamil); V. V. Ghanekar, *Bhavvarh Rokhndiya Sati Grahak Sahkari Chalaval* (Marathi); N. R. Gujar, *Sahkari Sahkar Karkhane-Sahkari Prakrya Sanshtacha Manbindu* (Marathi).

Filmfare Awards (1968)

Best Actor: Shammi Kapoor (Brahmachari); **Best Actress:** Waheeda Rehman (Neel Kamal); **Best Picture:** Brahmachari; **Best Director:** Ramanand Sagar (Ankhen); **Best Supporting Actor:** Sanjeev Kumar (Shikar); **Best Supporting Actress:** Simi (Saathi); **Best Lyricist:** Shailendra (Posthumous)—(Brahmachari); **Best Playback Singer (Male):** Mohammed Rafi (Brahmachari); **Best Playback Singer (Female):** Asha Bhosle (Shikar); **Best Cinematographer (Colour):** G. Singh (Ankhen); **Best Cinematographer (Black & White):** Nariman A. Irani (Saraswatichandra); **Best Comedian:** Johnny Walker (Shikar); **Best Music:** Shanker-Jaikishan (Brahmachari); **Best Editing:** N. M. Shankar (Saathi); **Best Art Director (Colour):** A. A. Majid (Noor-Jehan); **Best Art Director (Black & White):** Ajit Banerjee (Majhli Didi); **Best Story Writer:** Sachin Bhaumick (Brahmachari); **Best Screenplay Writer:** Nabendu Ghosh (Majhli Didi); **Best Dialogue Writer:** Ali Raza (Saraswatichandra); **Best Sound Recordist:** P. Thakkersey (Shikar).

Documentary (1968): Best Documentary Film: Explorer.

Regional Films: Language, name of the film and producer respectively are: Bengali, *Apanjan*, R. N. Malhotra; Marathi, *Ekti*, G. Ghangule; Tamil, *Lakshmi Kalyanam*, A. L. Srinivasan; Telugu, *Sudigundalu*, A. Subba Rao and A. Nageswara Rao; Malayalam, *Thulabharam* (Produced by Supriya Pictures).

Best Foreign Film: *Privilege* produced by John Heyman.

Jnanpith Award (1969)

The work which has earned for him the award is *Chidambara*, a collection of Hindi poems.

The award carries a prize of Rs. 1 lakh, tax-free, a citation and a bronze-cast of Vagdevi, the symbol of the award.

Kalinga Award

Prof. Fred Hoyle, distinguished British astronomer, was awarded the Kalinga Prize £ 1,000, on Feb. 8, 1969, for popularisation of science at a function organised by UNESCO at the India International Centre.

Nehru Award (1967)

The Jawaharlal Nehru Award for International understanding for 1967 has been made to Khan Abdul Ghaffar Khan.

The award to Khan Abdul Ghaffar Khan is the third in the series. The recipient of the first award was U Thant.

The second award was given posthumously to Dr. Martin Luther King.

National Safety Award

The Premier Automobiles factory in Bombay has been selected for the National Safety Award in 1968 in Scheme I (Highest Percentage Reduction in Frequency Rate). The award consists of a Cup and Cash prize of Rs. 2,500.

National Mineral Award

The recipients are : Dr. A. K. Dev of Aligarh Muslim University, Dr. A. K. Saha of Calcutta Presidency College, Dr. S. N. Sarkar of the Indian School of Mines, Dr. K. N. Sinha of the Central Mining Research Station, P. K. Ghosh of the Geological Survey of India, and T.B. Malhotra of Uranium Corporation Ltd. Dr. Dev got a cash award of Rs. 5,000 and others Rs. 3,000 each.

The National Mineral Awards are given to technologists and scientists for their contribution towards the exploration and exploitation of mineral resources.

AHMEDABAD DISTRICT—(continued from page 346)

GUJARAT VIDYAPITH
(National Univ. of Gujarat).
Ahmedabad 14.

Founded by Mahatma Gandhi in 1920. The Vidyapith works for spreading national education and particularly strives to make basic national education popular and was founded with the aim, among others, of providing university instruction in the mother tongue. It confers a degree of Bachelor of Social Science to its students who have undergone three years' course after matriculation. It

has provision for Post-graduate teaching for Master degree in Hindi, Gujarati, Rural Economics, Social Anthropology, Education. It also conducts two courses for training Hindi teachers equivalent to T.D. and B.Ed. and another course equivalent to B.Ed. for Basic Education Teachers for Secondary Schools. The Vidyapith is now declared by Government of India as an institution deemed to be University under Section 3 of the U.G.C. Act.

Chancellor : Morarji Desai; Vice-Chancellor : Thakorebhai Desai; Registrar : Ramlal Parikh.

CIVIL AVIATION

TOTAL outlay proposed for Civil Aviation for the Fourth Plan (1969-74) according to the Draft Outline : Rs. 202 crores.

Provision for Revenue or current expenditure in the Budget Estimates for 1969-70 : Rs. 8.64 crores (net). Provision for capital outlay on aviation during 1969-70 : Rs. 12.83 crores.

AIR-TRANSPORT

In addition to the two Corporations — Indian Airlines Corporation and Air India — there were 10 flying clubs and eight air transport companies holding permits for non-scheduled services on 31st December 1968.

During the year 1968*, approximately 13,500 hours and 3,908,000 kilometres were flown on non-scheduled operations against the previous year's figures of 16,925 hours and 4,850,000 kilometres. The number of passengers and amount of freight carried were approximately 115,800 and 11,039 tonnes respectively as against the previous year's figures of 110,687 and 18,083 tonnes of freight.

During 1968 (estimated), 132,040 hours and 58,428,000 kilometres were flown on scheduled air services against the previous year's figures of 131,144 hours and 56,087,000 kilometres. The number of passengers and amount of freight carried during 1968 (estimated) were 2,024,246 and 24,212 tonnes against the 1967 figures of 1,829,489 passengers and 23,693 tonnes of freight.

* Figures are estimated.

INDIAN AIRLINES CORPORATION

(Airlines House, 113, Gurdwara Rakabganj Road, New Delhi)

The present fleet consists of seven Caravelles VI-N, 14 Viscounts 700 Se., 15 Fokker Friendships, seven HS-748's, three DC-4's and 24 DC-3's. On order : Seven HS-748's.

Total number of employees as on 31-3-1968 : 12,819. The crew strength consists of 417 pilots. The airline's services extend over the entire sub-continent, including Afghanistan, Nepal, Burma and Ceylon.

The operations of the Corporation have been divided into four regions, namely, Delhi, Bombay, Madras and Calcutta.

Members of the Board : S. Mohan Kumaramangalam (Chairman); J. R. D. Tata, Air Chief Marshal P. C. Lal, Air Marshal M. S. Chaturvedi, K. N. Mookerjee, K. T. Satarawala, J. N. Goyal, Ravi J. Matthai, Y. T. Shah.

General Manager : K. T. Satarawala.

Assistant General Manager : B. Israni.

Financial Controller : V. Satyamurti.

Director of Engineering : R. S. Bahadur.

Director of Operations : Capt. R. P. Huilgol.

Director of Planning : A. H. Mehta.

Commercial Director : C. J. Lisely.

Controller of Stores & Purchases : J. A. D'Silva.

Industrial Relations Manager : M. K. Basu.

• **Public Relations Manager :** H. J. D'Penha.
Secretary : S. K. Chatterjee.
Controller, Central Space Control : J. Natarajan.
Bombay Region : *Regional Director :* Capt. D. A. Samant.

Calcutta Region : *Regional Director :* S. C. Mukherjee.

Delhi Region : *Regional Director :* Capt. R. G. Patwardhan.

Madras Region : *Regional Director :* H. N. Kelawala.

Indian Airlines is now a full member of the International Air Transport Association. It has set up training establishments for its Flying, Engineering and Traffic personnel. Besides regular passenger and freight services, I.A. operates a Night Airmail Service linking Bombay, Delhi, Calcutta and Madras.

During April 67-March 68, the Indian Airlines on its scheduled services, flew approximately 37,309 million kilometres, carrying 1,657,671 passengers, 21,289 tonnes of cargo and 9,931 tonnes of mail.

The capacity ton kilometres operated during the year 1967-68 under review is 203,085,613 as against 162,603,388 during the corresponding period of 1966-67.

The airline has introduced a Scholarship Scheme for promising children of low paid staff.

The direct contribution of Indian Airlines to the budget revenues of 1967-68 amounts to nearly Rs. 10.5 crores.

The airline's foreign exchange earnings was Rs. 6.89 crores in 1967-68 thus making it one of the big net earners of foreign exchange.

The balance of Rs. 3.5 crores comprises payment of excise and customs duty which amounts to Rs. 2.5 crores on fuel alone in this financial year and sales tax of Rs. one crore. The operating profit for 1968-69 according to revised estimates is Rs. 3.51 crores against Rs. 1.33 crores in the previous year and net profit is Rs. 1.59 crores against loss of Rs. 38.11 lakhs in 1967-68.

AIR-INDIA

Air-India now has a total of 33 online and 63 offline sales offices covering five continents.

Air-India at present operates seven services a week to New York via London. London is also served with seven additional terminator services, two via Moscow and five via Middle East. The airline also operates four services a week to Tokyo; three to Nairobi, one of which is extended to Entebbe; and three to Singapore, one of which is extended to Jakarta. Of the remaining two services to Singapore, one is operated to Sydney via Perth and the other to Nandi via Perth and Sydney. In addition a fortnightly service is operated to Mauritius.

Air-India, today has a fleet of five Boeing 707-437 intercontinental jets, three Boeing 707-337Bs and two Boeing 707-337Cs.

During 1967-68 Air-India flew 22.861 million revenue kilometres carrying 285,459 revenue passengers, 1,516 tonnes of mail and 10,494 tonnes of cargo. Comparable figures for 1966-67 were 18.792 million revenue kilometres, 254,736 revenue passengers, 1,411 tonnes of mail and 9,657 tonnes of cargo.

Members of the Board : (*Chairman :* J. R. D. Tata; *Members :* Air Marshal M. S. Chaturvedi, K. T. Satara-wala, S. Mohan Kumaramangalam, K. N. Mockherjee, Air Chief Marshal P. C. Lal, Y. T. Shah, N. Khosla, Ravi J. Matthai.

Executive Officers : *Chairman :* J. R. D. Tata.

Gen. Manager : Air Marshal M. S. Chaturvedi.

Commercial Director : S. K. Kooka.

Asst. Gen. Manager : K. K. Unni.

Director of Planning (Tech.) : Capt. K. Vishvanath.

Director of Engineering : K. G. Appuswamy.

Director of Operations : Capt. K. M. Mathen.

Financial Controller : C. V. R. Rao.

Controller of Stores & Purchases : S. C. Kale.

Chief Personnel Manager : S. K. Nanda.

AIR-INDIA OFFICES

Total No. of employees (year end) : 8,265; Unduplicated route Kilometres (year end) : 57,603.

AERODROMES

At the end of October 1968, 85 aerodromes were maintained by the Civil Aviation Department.

Aerodromes by Categories : *International Aerodromes* (4) : Bombay Airport (Santa Cruz); Calcutta Airport (Dum Dum); Delhi Airport (Palam); Madras Airport (Meenambakkam).

Major Aerodromes (7) : Agartala; Ahmedabad; Begumpet; Delhi (Safdarjung); Gauhati; Nagpur; Tiruchirappalli.

Intermediate Aerodromes (44) : Amritsar; Aurangabad; Balurghat; Baroda; Belgaum; Bhavnagar; Bhuntar (Kulu); Bhopal; Bhubaneswar; Bhuj; Bombay (Juhu); Coimbatore; Cooch-Bihar; Gaya; Indore; Jaipur; Junagadh (Keshod); Kailashahar; Kamalpur; Kandla; Khajuraho; Khowai; Kumbhirgram; Lucknow (Amausi); Madurai; Mangalore (Bajpe); Mohanbari; North Lakhimpur (Lilahari); Panna; Passighat; Patna; Pantnagar (Phoolbagh); Porbandar; Port Blair; Raipur; Rajkot; Ranchi; Rupei; Trivandrum; Tulihal (Imphal); Udaipur; Varanasi (Banaras); Vijayawada; Visakhapatnam.

Minor Aerodromes (30) : Akola; Behala; Bilaspur; Chakulia; Cuddappah; Donakonda; Hadapsar (Glider-drome, Poona); Jhansi; Jharsuguda; Jabalpur; Kanpur (Civil); Khandwa; Kolhapur; Kota; Lalitpur; Malda; Muzaffarpur (Rewaghat); Mysore; Nadirgul (Glider-drome, Hyderabad); Palanpur (Deesa); Panagarh; Rajahmundry; Ramnad; Raxaul; Satna; Shella; Sholapur; Tanjore; Vellore; Warangal.

WORKS

During the period from 1st January to 31st December, 1968, work was completed on the construction of international hangar and extension of 19L/OIR runway to 3,200 metres (10,500 feet) at Calcutta (Dum Dum) airport; construction of pucca runway at Kamalpur aerodrome; construction of a new terminal building at Agartala aerodrome and strengthening of the runway at Bhubaneswar

† Revised estimate for 1968-69. The net profit is Rs. 2.85 crores against Rs. 3.49 crores in 1967-68.

aerodrome. The other works completed during the period under review include improvements to the existing terminal building at Jammu aerodrome; strengthening of runway at Trivandrum aerodrome; completion of 1,097 metres (3,600 feet) of runway at Mangalore aerodrome and construction of passenger sheds at Khajuraho, Cooch-Bihar and Vijayawada aerodromes.

Work was in progress at the end of October, 1968 on the extension and strengthening of NW/SE runway at Bombay (Santa Cruz) airport; strengthening of the main runway at Baroda aerodrome; strengthening of runway at Varanasi aerodrome; construction of an all weather runway at Khajuraho aerodrome; strengthening and extension of runway at Mangalore aerodrome; construction of a fair weather strip at Hassan aerodrome and construction of apron and taxi-track for the new terminal building at Begumpet aerodrome.

Work was also in progress at the end of the period under review on the construction of a new international terminal building, technical block and control tower at Calcutta (Dum Dum) airport and on the additions and alterations to and provision of furniture in the terminal building at Delhi (Palam) airport.

Work on the extension of 10/28 runway at Delhi airport to 3,810 metres (12,500 feet) is being commenced. Work is also being started on the construction of a new terminal building at Begumpet aerodrome.

TRAINING CENTRE, ALLAHABAD

The Civil Aviation Training Centre, Allahabad comprises Aerodrome and Communication Schools. Ab-initio as well as refresher training is given in these schools to departmental officers and to the foreign nationals as are approved by the Government.

The Civil Aviation Fire Service Training Centre at Dum Dum gives training in the Basic Course in Crash Fire Rescue for regular fire crew. The Government Gliding Centre at Poona gives training for glider instructors.

FLYING CLUBS

At the end of October 1968, there were 23 subsidised flying clubs with their headquarters at Amritsar, Hyderabad, Gauhati, Banasthali, Patna, Bombay, Coimbatore, New Delhi, Bangalore, Baroda, Lucknow, Hissar, Jamshedpur, Karnal, Trivandrum, Indore, Nagpur, Madras, Jullundur Cantt., Bhubaneswar, Patiala, Jaipur and Behala, Calcutta.

Gliding Centres/Clubs: At the end of October 1968, there were three Government Gliding Centres at Bangalore, Lucknow and Poona and eight subsidised Gliding Clubs at Ahmedabad, Amritsar, New Delhi, Deolali, Jaipur, Kanpur, Pilani and Raipur.

AERONAUTICAL COMMUNICATION SERVICES

At the end of October 1968, there were 91 Aeronautical Communication Stations providing 172 Radio Navigation Aids and 620 Aeronautical Communication Channels.

List of Aeronautical Communication Stations maintained by the Civil Aviation Department as on 31st October, 1968: Agartala, Ahmedabad, Akola, Aligarh, Allahabad, Amritsar, Aurangabad, Balurghat, Bangalore, Banihal, Baroda, Belgaum, Bellary, Berachampa, Bhatinda, Berhampore, Bhavnagar, Bhopal, Bhubaneswar, Bhuj, Bombay, Calcutta, Chakulia, Cochin, Coimbatore, Cooch-Bihar, Dhanbad, Delhi (Safdarjung), Farukhabad, Gauhati, Gaya, Hissar, Khajuraho, Gwalior, Hyderabad (Begumpet), Imphal, Indore, Jabalpur, Jaipur, Jammu, Jamnagar, Jamshedpur, Jharsuguda, Jodhpur, Kailashahar, Kamal-

pur, Kandla, Kanpur, Katihar, Keshod, Khowai, Kota, Kud, Kuli (Bhuntar), Kumbhirgram, Lalitpur, Lilabari, Lucknow, Madras, Madurai, Magadi, Mandasor, Mangalore, Mohanbari, Muzaffarnagar, Muzaffarpur, Nagpur, Palam (Delhi), Panagarh, Passighat, Pataudi, Patna, Pant Nagar (Phoolbagh), Porbandar, Port Blair, Qazi Gund, Rajpur, Rajkot, Ranchi, Rupsi, Sikandrabad, Srinagar, Songadh, Tarakeswar, Tiruchirapalli, Trivandrum, Udairpur, Varanasi, Vijayawada, Vikarabad, Visakhapatnam.

AIRCRAFT

At the end of October 1968, 617 aircraft held current certificates of registration and 206 aircraft held current certificates of airworthiness. During the period from 1st January to 31st October 1968, 28 new aircraft were registered and the registration of 16 aircraft was cancelled. One hundred and ninety-seven aircraft including four aircraft of foreign nationality were inspected for issue or renewal of certificates of airworthiness. During the period under review, three new aircraft were imported for being used in crop spraying operations. The total number of aircraft engaged in aerial work at the end of October 1968 was 39.

RESEARCH AND DEVELOPMENT

Research and development for Civil Aviation are undertaken by the Research and Development Organisation of the Civil Aviation Department at the Technical Centre, Safdarjung, New Delhi.

The Research and Development Directorate in Civil Aviation has two distinct functions/activities. One is airworthiness engineering function for the Directorate General of Civil Aviation, including field work and operational safety. These include type certification, approval of modifications, laying down of Design and Operational Airworthiness requirement, service failure investigations, evaluation of performance and economics of civil transport aircraft, personal planes, agricultural aircraft and helicopters and other *ad-hoc* technical problems referred to from time to time. The second function relates to research, development and evaluation at the Technical Centre Laboratory. These include design and development of light aircraft and gliders, standardisation and development testing of aeronautical materials and processes, development of safety devices and operational research.

ACCIDENTS

During the period from 1st January to 31st December 1968, there were 29 major accidents in India involving 27 Indian registered aircraft and two foreign registered aircraft. Two of the Indian registered aircraft involved in accidents proved fatal resulting in the death of three persons including two members of the crew. Both the foreign registered aircraft involved in the accidents were fatal resulting in the death of 36 persons including 15 members of the crew.

Of the 27 Indian registered aircraft involved in accidents, two were operating scheduled passenger service, one was operating non-scheduled flight, 18 were engaged in training and cross-country flight, four in agricultural operations and two in Joy-rides. Both the foreign registered aircraft involved in accidents were engaged on scheduled passenger services.

At the end of December 1968, out of the 27 accidents to Indian registered aircraft 21 had been investigated and six were under investigation. Accidents to two foreign registered aircraft are under investigation by courts of inquiry appointed by the Government of India.

EDUCATION

UNDER the Constitution of India, Education is mostly managed by the State Governments. The Union Government is responsible for the maintenance of the four Central Universities and institutions of national importance, for promotion of research and co-ordination and determination of standards in higher education and research. Cultural activities in relation to foreign countries also fall within its purview. Education at the Centre has been constituted into a separate Ministry of Education.

Under Article 351 of the Constitution the Union Government is responsible for developing and promoting Hindi language along with Sanskrit and other Indian languages.

The Government of India is also responsible for education in Union Territories. In the case of Territories, which have their own legislatures, some of the powers are enjoyed by the respective Governments. The obligations of the Union Government are discharged by the Ministry of Education, through its various programmes, activities, pilot projects and research conducted on the one hand by the Ministry of Education and on the other hand through the agency of different bodies like the University Grants Commission, the Council of Scientific and Industrial Research and, National Council of Educational Research and Training, Central Hindi Directorate, Indian Council of Cultural Relations and other similar organisations financed and administered by the Union Government. There are also a number of advisory bodies like the Central Advisory Board of Education, All-India Council for Technical Education, National Council for Women's Education which assist the Ministry of Education in working out its programmes and policies.

Though Education is a state subject, the Central Government and the State Governments work together in the formulation, implementation and evaluation of the various programmes. The State Governments also receive grant-in-aid from the Centre for developing their educational programmes, according to a broad-based pattern.

The authority of the Government in controlling the system of public instruction is in part shared with, and in part delegated to Universities and State Boards of Secondary and Intermediate Education as regards secondary education and to local bodies as regards elementary education in some States. The control over higher education is exercised through the University Grants Commission.

EDUCATION COMMISSION

The Education Commission, appointed by the Government of India in 1964 to survey the entire field of educational development and to make a comprehensive review of the country's educational system submitted, its report in June, 1966. The report has provided the basis for widespread discussions at all levels regarding the reconstruction of the education structure in the country. The various recommendations of the Commission are under examination.

FOURTH FIVE-YEAR PLAN

The approach to Education during the Fourth Five-Year Plan is three-fold: (i) to remove the present deficiencies in the system and link it more effectively with the increasing demands of social and economic development; (ii) to remove internal stresses and strains in the educational system which have developed in consequence of rapid expansion in the first three Plans and (iii) to extend

the system in response to social urges and economic needs. A sum of Rs. 809 crores (Rs. 259 crores in the Central Sector and Rs. 550 crores in the State Sector) has been allocated for educational development in the Fourth Plan.

Statewise allocation in Rs. lakhs for Education in the Fourth Plan as mentioned in the Draft Fourth Plan: (The figures within brackets indicate allocation for general, technical and cultural education respectively); Andhra Pradesh (3,300; 300; 20); Assam (2,263; 301; 23); Bihar (3,061; 310; 1); Gujarat (2,550; 300; 50); Haryana (1,300; 155; 3); Jammu & Kashmir (769; 60; 20); Kerala (1,700; 225; 1); Madhya Pradesh (3,200; 400; 25); Maharashtra (5,500; 950; 22); Mysore (1,000; 200; 1); Nagaland (401; 45; 10); Orissa (1,425; 150; 25); Punjab (2,100; 85; 2); Rajasthan (1,400; 30; 15); Tamil Nadu (5,000; 503; 40); Uttar Pradesh (5,295; 1,048; 1); West Bengal (3,260; 370; 15); *Union Territories: A. and N. Islands* (100; —; 5); Chandigarh (50; 20; 1); Dadra and Nagar Haveli (23; ..; ..); Delhi (2,300; 251; 9); Goa, Daman and Diu (300; 84; 10); Himachal Pradesh (609; 50; 2); L. M. and A. Islands (36; ..; 1); Manipur, (303; 20; 1); N.E.F.A. (200; ..; 1); Pondicherry (210; 20; 2); Tripura (332; 95; 1); Total (47,987; 5,972; 298); Grand total 54,257.

The following table shows the enrolment at different stages of education during 1968-69 and target at the end of the Fourth Plan (1973-74) (Enrolment in lakhs):

Stage and age groups	1968-69	Fourth Plan (Target)
Primary (6-11)		
Classes I-V		
Enrolment	559.6	682.7
% of age group	77	84.9
Middle (11-14)		
Classes VI-VIII		
Enrolment	127.2	184.5
% of age-group	38.7	42.1
Secondary (14-17)		
Classes IX-XI		
Enrolment	65.5	103.7
% of age-group	16.6	25.9
University (17-23)		
(Arts, Science and Commerce)		
Enrolment	10.9@	16.0@
% of age-group	2.1@	2.4@

Illiteracy: As on March 31, 1969 the number of illiterates was 349 millions.

PRIMARY EDUCATION

Primary education (Classes I to VII or I to VIII as the case may be) is free in all States except Assam (boys only in Classes VI-VIII), Bihar (boys only in classes V-VIII), Uttar Pradesh (for boys only in Classes VII & VIII) and West Bengal (in some urban areas in Classes I to V and generally in Classes VI to VIII). All education is free in Jammu & Kashmir and Nagaland. The entire school education is free in Tamil Nadu, Andhra Pradesh and Mysore.

STATE INSTITUTES OF EDUCATION

With a view to improving the quality of education at various levels particularly at the primary and middle

schools levels, a centrally sponsored scheme known as "Establishment of State Institutes of Education" was started during the year 1963-64. Under this scheme, State institutes have been established in all the States, except Nagaland. These Institutes are intended to give training to school teachers, head-masters, inspecting officers and the staff of training institutions; to conduct research studies and investigations in the field of elementary education and to produce suitable literature for the benefit of teachers.

During 1966-67 a total sum of Rs. 16.20 lakhs was sanctioned by the Government of India for the implementation of this scheme. Considering its importance, the scheme has been continued in the Fourth Five-Year Plan as a Centrally sponsored Scheme.

SECONDARY EDUCATION

The Central Government has initiated certain quality improvement programmes such as establishment of State Bureau of Educational and Vocational Guidance, State Evaluation Units, State Institutes of Science, strengthening of selected Multipurpose Schools and improvement of Science Education in secondary schools, etc.

The accepted pattern of education comprises eight years of elementary (Basic) education; three years of secondary education with diversified courses to give it a vocational bias and make it a terminal point for entry into trade or profession; and three years of university education leading to the first degree. Some of the States have adopted a pattern of seven years of elementary (Basic) education followed by four years of secondary education.

Education Commission 1966, has recommended a pattern of ten years of general education, two years of higher secondary or one to three years of vocational education and a course of three years or more for higher education leading to first degree.

There were 26,650 High and Higher Secondary Schools in 1965-66. The number of multipurpose schools as in July 1966 was 4,107.

At the end of the Third Plan, 17.8 per cent of the children in the age-group 14-17 were studying in secondary classes. The Fourth Plan (1969-74) target is to raise the total enrolment in this age-group to 10.40 millions and the percentage of enrolment to 26.0. Estimated enrolment in 1968-69 was 6.59 million (4.97 million boys and 1.62 million girls).

Study of languages forms an important part of school education. The three-language formula now generally accepted is as follows:—

- (i) Regional language and mother tongue when the latter is different from the regional languages;
- (ii) Hindi or in Hindi-speaking areas another modern Indian language; and
- (iii) English or any other modern European language.

Educational and Vocational Guidance

The Central Bureau of Educational and Vocational Guidance is a wing of the Department of Psychological Foundations of the National Council of Educational Research and Training. The various activities of the Bureau include, promoting awareness of the nature of guidance services and the need of them, offering consultative and field guidance, undertaking research, preparation and dissemination of guidance tools and occupational information materials.

At the end of the Third Plan, State Bureaux of Educational and Vocational Guidance were functioning in all the States, except Tamil Nadu and Jammu and Kashmir.

The bureau in Jammu & Kashmir for which sanction had been accorded recently was likely to be established during the 1967-68. The central assistance released for the State bureaux during 1966-67 was Rs. 2.00 lakhs.

Central Schools

The Central Schools Scheme has been implemented by the Government of India in pursuance of the recommendation of the Second Pay Commission, to provide educational facilities to the children of transferable Central Government employees. Under this scheme, 112 higher secondary schools have been established with a common syllabus, and a common medium of instruction Hindi/English and to prepare students for a common examination, viz., the All-India Higher Secondary Examination of the Central Board of Secondary Education, New Delhi. These schools are being developed as quality schools, at a moderate cost to the parent. The children of the various categories of personnel liable to transfer are eligible for admission in the following order of priority: Central Government employees including Defence personnel; All-India Services employees of autonomous and semi-autonomous bodies fully financed by the Central Government; floating and local population.

During the school year 1966-67, about 45,000 children were studying in these schools. The entire expenditure on the running of the schools is borne by the Ministry of Education.

No tuition fee is charged in Classes I to VIII. Tuition fee at the rate of Rs. 6, Rs. 7, and Rs. 8 per month is charged in Classes IX, X and XI respectively. Scheduled Caste/Tribe students are exempted from payment of tuition fees.

Central Board of Secondary Education

The Central Board of Secondary Education has been constituted to bring about some uniformity in the pattern of secondary education and to meet the educational needs of the students whose parents have to move from one State to another from time to time.

The Board among others conducts the All India Higher Secondary, Higher Secondary (3 year course), Higher Secondary Multipurpose, and Higher Secondary (1 year course) examinations.

During 1968-69, 15 Sainik schools, located in various States were affiliated to the Board.

NATIONAL COUNCIL OF EDUCATIONAL RESEARCH AND TRAINING

The main functions of the Council are to undertake, promote and coordinate educational research; undertake the development of variety of educational materials; organize pre-service and in-service training and extension work; disseminate information regarding the most recent educational techniques and practices; and publish model educational literature. The Council also organises educational surveys of national importance and maintains international contacts with regard to the new developments in the field of education.

Constituents of the NCERT

The Council has set up three academic bodies called the National Institute of Education, the Central Institute of Education, and the four Regional Colleges of Education which deal with different aspects of education research, development, training and extension work. The National Institute of Education, situated in Delhi, functions through the following constituent Departments/Units:— 1. Department of Science Education; 2. Central Science Workshop;

3. Department of Curriculum & Evaluation; 4. Department of Audio-Visual Education; 5. Department of Psychological Foundations; 6. Educational Survey Unit; 7. Department of Foundations of Education; 8. Department of Educational Administration; 9. Department of Teacher Education.

Many other important projects have been undertaken by the different Departments of the National Institute of Education. The Department of Adult Education has given special attention to the magnitude of illiteracy in India between 1961-81.

Summer Institute in Science

Since 1963, about 180 Summer Institutes of Science have been organised by the NCERT in collaboration with the U. G. C. and U.S. AID and thereby training was imparted to 700 science teachers.

Summer Institutes in Humanities and Social Sciences

During 1967-68, the N.C.E.R.T. organised the Summer Institutes in the following subjects:— 1. History; 2. Geography; 3. Economics; 4. Educational and Psychological Measurement; 5. Learning Motivation and Group Processes.

During the summer vacations of 1968, the Council organised 10 Institutes in the following subjects, viz.: Geography 4; Problems of Indian Education 1; Linguistics and Language Teaching 1; Research Methodology and Experimental Designs 1; Learning Motivation and Group Processes 1; Social Education 1 and Educational Psychology 1.

National Science Talent Search Scheme

Under this scheme, 350 students are selected every year at the close of the secondary school stage and are assisted financially to pursue courses in basic sciences upto the ph.D. level. Besides this, the scheme also provides for book grants, re-imbursement of the tuition fees of the beneficiaries.

Extension

Under this Programme extension workers have been given special training in developing instructional materials and improving the use of school Libraries. There are 97 secondary extension centres/units in the selected University departments and Secondary Training Colleges and 45 Primary Extension Centres in the Elementary Teachers Training Institutions and State Institutes of Education. Three field Units were established in the States of Andhra Pradesh, Rajasthan and Assam.

Examination Reform

Twenty-five orientation workshops of three days duration each in Hindi, English, Mathematics, Science and Social studies were organised for the middle school teachers of the Directorate of Education, Delhi to acquaint them with the proposed changes in the middle school examinations so that they may prepare their students accordingly.

The training of paper setters was extended to English, Hindi, Urdu, Telugu and composite mathematics.

Regional Colleges of Education

The Regional Colleges of Education represent a new experiment in teacher training. The colleges offer a wide-range of courses in which subject-matter and pedagogical training are integrated. The NCERT had added the Programme of Summer School-cum-Correspondence course for the B.Ed. degree in all the four Regional Colleges. The enrolment in the Summer-School-cum-Correspondence courses leading to the award of B.Ed. degree being run by the four Regional Colleges is 955

National Awards for Teachers

(See article "Awards and Prizes".)

WOMEN'S EDUCATION

The Central and State Governments give due weight to the advice of the National Council for Women's Education in framing programmes and policies in the matter of education for women. Similar bodies have been set up by the various State Governments.

With the object of overcoming the lag in the education of girls and women, some of the important measures taken by the Government of India are:—

(i) At the request of the Government of India, the State Governments have set up State Councils for Women's Education and, in several cases, have also appointed Deputy Joint Directors of Education specially charged with the formulation and execution of special programmes for girls' education.

(ii) Appointment of special committees from time to time to study problems of girls' education.

(iii) In addition to the schemes of general education which benefit boys as well as girls, special programmes including those relating to the construction of staff quarters for women teachers in rural areas, village allowance, appointment of school mothers, construction of sanitary blocks and hostels for girls, condensed educational courses and the establishment of polytechnics for girls, have been functioning.

(iv) Assistance to Voluntary Educational Organisations working in the field of Women's Education.

(v) Holding of seminars in different States to discuss problems and programmes of girls' education.

The enrolment figures at all stages for the year 1968-69 are 26.22 million girls: 20.88 million in classes I to IV, 3.72 million in classes VI to VIII and 1.62 million in classes IX to XI.

It is, however, expected that by the end of the Fourth Five Year Plan 71.5 per cent of girls at the primary stage, 26.3 per cent at the middle stage and 12.8 per cent at the secondary stage in the respective age-groups will be in schools.

RURAL HIGHER EDUCATION

The National Council for Rural Higher Education, established in 1956, advises Government on all matters relating to the development of rural higher education.

Under the scheme, 14 Rural Institutes are at present functioning in different parts of the country. These are: Gandhigram Rural Institute, Gandhigram, Madurai; Sri Ramakrishna Mission Vidyalaya Rural Institute, Coimbatore; Lok Bharati Rural Institute, Sanosara; Rural Institute, Amravati; Karmaveer Hire Rural Institute, Gargoti; Vidya Bhawan Rural Institute, Udaipur; Balwant Vidyapeeth Rural Institute, Bichpuri, Agra; Rural Institute, Jamia Millia, New Delhi; Rural Institute of Higher Studies, Birouli, Bihar; Kasturba Rural Institute, Rajpura; Rural Institute, Wardha; Rural Institute, Hanumanamatti, Mysore State; Kasturbagam Rural Institute, Indore and Rural Institute, Thavanoor (Kerala).

The courses, as approved by the Council and adopted by the Rural Institutes, are:

- (i) a three-year Diploma Course in Rural Services;
- (ii) a three-year Diploma Course in Civil and Rural Engineering;
- (iii) a two-year Certificate Course in Agricultural Science;
- (iv) a one-year Sanitary Inspectors' Course;
- (v) a one-year Advanced Course for Sanitary Inspectors;

(vi) a two-year Post-Diploma Course in Rural Sociology and Community Development; (vii) a two-year Post-Diploma Course in Rural Economics and Cooperation; (viii) a three-year Diploma Course in Rural Services (Education) and (ix) a one-year Preparatory Course to initiate matriculates into the three-year Diploma Course in Rural Services. The post-graduate Diplomas in (i) Rural Economics and Cooperation, and (ii) Rural Sociology and Community Development have so far been recognised by the Government of India and some State Governments as equivalent to the M.A. degree of an Indian University for purposes of employment under them.

The financial allocations for rural institutes of higher education for 1969-70 under plan and non-plan were Rs. 8.50 lakhs and Rs. 17.50 lakhs respectively.

BOOK DEVELOPMENT PROGRAMME

The Ministry is associated with the programmes of collaboration with the Governments of the U.S.A., the U.K. and the U.S.S.R. for the republication of standard education works originating in the respective countries. So far about 450 American books, 300 British books and 55 Russian books have been republished under programmes of the respective countries.

In order to safeguard the interests of Indian authors whose books could be regarded as standard ones, the Ministry is also operating a programme for republication of low-priced editions of selected standard educational works written by Indian authors. So far about 30 books have been selected for republication under this programme.

In order to stimulate the production of books of all types, the Government of India has also set up a National Book Development Board which would lay down the guidelines for the promotion of book development in the context of the overall requirements of the country. The Board is constituted with representatives of various sectors of the books industry as also of the various governmental and non-governmental agencies dealing with implementation of books programmes of various kinds.

SOCIAL EDUCATION

The programme of Social Education is put through literacy classes, community centres, and libraries which are an essential agency of mass education.

Radio listening and discussion groups, demonstrations, and excursions have been effectively used. Besides radio, visual aids and printed literature have served as means of imparting education to the masses.

The Department of Adult Education under NCERT, has been training Social Education personnel of different categories deputed by the State Governments etc.

To encourage production of suitable literature for neo-literates and the new reading public, the Ministry has organised a number of schemes, including the award of prizes to authors, and the bulk purchase of good books, and holding of Sahitya Shibirs (literacy workshops) in different parts of the country.

The Ministry has also undertaken a programme of publishing literature for social education workers and neo-literates. The Workers' Social Education Institute at Indore serves as a pilot project of social education for industrial workers.

The Central Government assists voluntary educational organisations for development of their activities in the field of social education.

HINDI, SANSKRIT AND MODERN INDIAN LANGUAGES

The Hindi Shiksha Samiti advises the Ministry of Education on matters relating to propagation and development of Hindi in the country.

Development Programmes of Hindi: The programme for the propagation of Hindi includes grant of financial assistance to voluntary Hindi Organisations, appointment of Hindi teachers in middle and higher secondary schools in non-Hindi speaking States, establishment of Hindi teacher training colleges in non-Hindi speaking States, free supply of Hindi books to schools and colleges, award of scholarships for post-matric studies in Hindi in non-Hindi speaking States and award of prizes to Hindi writers and poets belonging to non-Hindi speaking areas. The programme of enrichment and development of Hindi includes schemes of preparation, translation and publication of standard books of university level in Hindi through official and voluntary agencies as well as universities and learned societies, preparation and translation of books in Hindi with the assistance of private publishing concerns and preparation of official literature and evolution of scientific and technical terminology in Hindi.

Twelve prizes of Rs. 1,500 each were announced on books on fiction in Hindi written by persons belonging to non-Hindi speaking States.

Upto the end of December 1968, 10 volumes of the Hindi Encyclopaedia were brought out and the remaining two volumes were expected to be published by the end of July 1969.

Commission for Scientific and Technical Terminology

In pursuance of the Presidential order of the 27th of April, 1967, the Standing Commission for Scientific and Technical Terminology was set up for evolution of Scientific and Technical Terminology in Hindi and Regional languages. The functions of the Commission were laid down as follows:—

- (a) Review of the work done so far in the field of scientific and technical terminology in the light of principles laid down in paragraph 3 of the Presidential Order.
- (b) Formulation of principles relating to coordination and evolution of scientific and technical terminology in Hindi and other languages.
- (c) Coordination of the work done by different agencies of the States in the field of scientific and technical terminology, with the consent or at the instance of the State Governments concerned, and approval of glossaries for use in Hindi and other Indian languages as may be submitted to it by the concerned agencies.
- (d) The Commission may also take up preparation of standard scientific text-books using the new terminology evolved or approved by it, preparation of scientific and technical dictionaries and translation into Indian languages of scientific books in foreign languages.

Sanskrit

The Central Sanskrit Board has played an important role in the formulation and implementation of a number of schemes for promotion of Sanskrit. The most notable recommendation of the Board during 1966-67 related to the setting up of Shri Lal Bahadur Shastri Rashtriya Sanskrit Vidyapeetha in Delhi and running it on the lines of the Kendriya Sanskrit Vidyapeetha, Tirupati. The Vidyapeetha has started functioning from 1-4-1967.

Development of Sanskrit (1967-68)

The traditional type of Sanskrit education was encouraged by giving suitable grants to voluntary Sanskrit organisations, Gurukulas. About 100 scholars trained on traditional lines continued their research and were awarded scholarships worth Rs. 200 per month. About 500 eminent Sanskrit Pandits enjoyed suitable assistance under the Scheme of Financial Assistance to eminent Sanskrit Pandits in indigent circumstances.

2. Many valuable publications relating to Sanskrit were brought out with grants from the Government of India. Notable among them are :—

- (i) A critical edition of the Vamana Purana with two separate volumes with Hindi and English translations by the All-India Kashiraj Trust, Varanasi.
- (ii) A critical edition of the Mahabharata by Bhandarkar Oriental Research Institute, Poona.
- (iii) A critical edition of the Mahabharata (Cheaper edition) with Hindi translation (Adi and Sabha Parvans) by Swadhyaya Mandal, Pardi.
- (iv) Bharatiyam Vittam (Sanskrit) translation of Macdonell's India's (Past) Kendriya Sanskrit.
- (v) S.a.d. vims'a brahmanam.

Modern Indian Languages

Under the scheme for the development of Modern Indian Languages, grants up to 50 per cent of the expenditure on approved items are sanctioned for bringing out publications like encyclopaedias, bilingual dictionaries, books of knowledge, publications bringing out similarities among different Indian languages, catalogues of manuscripts, books of cultural, literary, indological or linguistic interest, etc. Grants on the same basis are also given for holding literary conferences, seminars and exhibitions and for conducting other important activities considered conducive to the development of Indian languages. Assistance has also been rendered by way of purchasing copies of printed publications.

Under another scheme, assistance is given to State Governments to enable them to take up programmes for the development of the regional languages.

Bharatiya Bhasha Samiti: This advisory body consisting of 51 members advises the Government on all matters relating to the propagation and development of Indian languages.

SCHOLARSHIPS

The Government of India have been operating a number of scholarship schemes for study in India. A brief report on the important schemes is as below :

National Loan Scholarships: Financial assistance is given to the poor but meritorious students to complete their education. The loan is recoverable in monthly instalments commencing one year after the loanee secures employment or three years after the grant of scholarship whichever is earlier.

66,900 awards were made during the Third Plan. During 1968-69, 14,825 awards were distributed among all the States and Union Territories. In each year of the Fourth Plan, it is proposed to give 26,500 awards. The estimated expenditure during the first year of the Plan is Rs. 1,48,00,000 (Plan) and Rs. 3,76,70,000 (non-Plan).

National Scholarships Scheme: Under this scheme 2,650 awards were made every year during the Third Plan.

In 1968-69, the Merit-cum-Means Scholarships Scheme for technical studies was merged with it and the number

of awards under the amalgamated scheme raised to 8,250. Scholarships under this scheme are awarded to students with a parental income up to Rs. 500 p.m. The estimated expenditure during the first year of the Fourth Plan is Rs. 70,50,000 (Plan) and Rs. 1,69,15,000 (non-plan): A total amount of Rs. 9,18,00,000 has been earmarked for the entire Plan period.

Scholarships for study in Residential Schools: Two hundred candidates were selected by the Union Ministry of Education under its scheme of Merit Scholarships for study in Residential Schools for the academic session started in 1969. They included three Scheduled Castes and five Scheduled Tribes candidates.

Scholarship for School Teachers' Children: The number of scholarships awarded every year during the Third Plan was 500. It is proposed to give 750 awards in each year during the Fourth Plan. The estimated expenditure in the First year of the Fourth Plan is Rs. 4,50,000 (Plan) and Rs. 16,77,000 (non-Plan).

Scholarships for Study Abroad: In order to accelerate the pace of development of education, science and technology and to meet the shortage of trained personnel in different fields, the Government of India has also been accepting offers of scholarships and fellowships for study/research/training of Indian nationals abroad made by foreign governments and organisations. As a measure of reciprocity and to promote cultural relations with other countries, the Government of India has also been offering scholarships and fellowships to the nationals of other countries for study in India.

During the year under report, a number of scholarship schemes were in operation which can be classified into the following sections :

- I. Scholarships for Indian Nationals for Study in India.
- II. Scholarships for Indian Nationals for Study abroad.
- III. Scholarships for students belonging to Scheduled Castes and Tribes etc.
- IV. Programme of Exchange of Scholars.
- V. Scholarships for Foreign Nationals for Study in India.

Students in U.S.A.: There were 9,594 Indian students, trainees, physicians, surgeons, visiting scholars and faculty members in the United States as on January 1, 1969 according to a survey of the Education Department of the Indian Embassy in Washington.

Foreign Students

As on June 7, 1967, 4,662 foreign students, coming from over 50 countries, were studying in our country.

A large number of these students were receiving scholarships covering tuition fees, cost of books, study tour expenses, maintenance allowance, cost of travel, etc. Some seats were also reserved in the universities for them and as far as possible, accommodation was reserved in university and college hostels.

NATIONAL FITNESS CORPS

The National Fitness Corps is a comprehensive youth programme adopted on a national scale combining activities designed to develop the total personality of Indian youth.

The broad aspects of the integrated scheme are :—

(1) **Objects :** (a) to make youth physically strong and resilient by developing in them physical efficiency, toughness, endurance, courage, discipline and patriotic fervour;

(b) to develop among students a sense of appreciation for the democratic values of life and love for their country, its past history and future destiny.

(2) *Programme consists of:* (i) Exercise Tables; (ii) Drill and Marching; (iii) Lezium; (iv) Track and Field Events; (v) Games and Relays; (vi) Gymnastics for boys/Folk Dances for girls; (vii) Simple Combats, Wrestling, Judo; (viii) Hiking and Cross-country; (ix) Instruction and Practice in Tests; (x) Field Craft (for boys)/Home Nursing (for girls); (xi) Information on Indian Constitution and Democratic set-up, Practical Projects and Community singing; (xii) Civil Defence; (xiii) Swimming etc.

School Curriculum

The programme of National Fitness Corps is a compulsory subject for all children of the age group 9-16 *plus* in Middle, High and Higher Secondary Schools. There is a compulsory or core group of activities which every child must do as part of the N.F.C. activities, while there are also a few optional items meant for children having a special flair for them.

Teacher Training

1,218 more State Physical Education Teachers and 309 N.D.S. Instructors have been reoriented in six weeks courses at these training centres bringing the total trained P.E.Ts. to 14,534 and N.D.S. Instructors to 5,112. The Central Government have now decided to disband the central control of N.D.S. Instructors and to decentralise the whole programme of the National Fitness Corps. As a result of this decision the Training Centres in different places are in the process of closure.

As such no further courses are to be held by National Fitness Corps Directorate.

Central Training Institute

The Central Training Institute is one of the most modern craft-instructor training institutes in the country. Latest techniques in teaching are employed at the Institute, including audio-visual aids such as films, film-strips, tape recordings, charts and models of all kinds.

The institute provides a training capacity for 392 craft instructors. The main objectives of the institute are to provide instruction in various trades and in the art of

teaching these trades; to train the instructors required for the craft-training institutions; and to provide refresher courses to enable trade-instructors to keep abreast of the latest industrial techniques and advances in teaching their respective trades.

Training is offered in 15 trades and the duration of the course in each trade has been raised to 12 months w.e.f. 1st August 1966. The Institute operates throughout the year.

The U.S.A.I.D. have provided the services of a team of seven Technical Advisers, equipment and technical books worth \$356,000 and training facilities to sixteen technical officers of the institute in U.S.A. for a period of six months each.

Foreign Trained Scientific and Technical Personnel

Among the Scientific & Technical Personnel who have been abroad after January 1, 1957 for higher studies, training or employment 13,087 were registered by Jan. 1, 1968, in the Indians Abroad Section of the National Register maintained by the Directorate of Scientific & Technical Personnel. Of these 6,787 had already reported their return.

The position in each field is briefly indicated below.

Registration and return of Indians Abroad as on Jan. 1, 1968.

Subjects	Total Registered	Returned
Scientists	4,048	2,112
Social Scientists	154	83
Engineers	5,513	2,679
Technologists	988	520
Medical Personnel	2,384	1,393
Total	13,087	6,787

The broad distribution of the registrants who were abroad on Jan. 1, 1968 is shown below.

In addition, 574 persons in the field of Business Administration and Accountancy had been registered by Jan. 1, 1968 who had been abroad for studies, training or employment.

Country	Science	Social Sciences	Engineering	Technologists	Medicine	Total
U.S.A.	1,034	36	915	144	214	2,343

MEDIUM OF INSTRUCTION IN UNIVERSITIES

The vice-chancellors' conference at New Delhi in Sept. 1967 accepted in the plenary session a statement agreeing to a change in the medium of education at the under-graduate level to Indian languages within a period of about five to ten years, depending on the degree of preparatory work already done, the nature of the subject and other relevant factors. It was, at the same time stressed

that in the programme of change-over, the importance of English should be fully recognised and adequate arrangements made for its study at the under-graduate level.

At the post-graduate and research level the question of medium of education lost its usual meaning as the students would have to depend on books and journals in English and other important world languages in science, medicine and technology.

In the case of All-India institutions, the present arrangements regarding the medium of instruction might continue as recommended by the Education Commission. In the case of large cities with a multi-lingual population, medium of education might continue to be English in addition to the regional languages which the university would provide.

A large number of the universities have already switched over to regional languages either wholly or in conjunction with English. A quick survey of the university scene shows that while the science students particularly at the post-graduate level, prefer English as the medium of instruction and examination, there is an ever-increasing number who have already changed over to the regional language. In most universities, the number of English-medium pupils is sharply falling.

Over 40 universities in the country including Delhi, Calcutta, Madras, Mysore, Lucknow, Gujarat, Banaras, Allahabad, Punjab, Patna, Osmania, Vikram, Sagar and Visva Bharati offer a regional language, as the medium of instruction (in addition to English) at the degree level in the faculties of arts and commerce. In most of these a regional language can be offered as the medium even for the sciences but students generally opt for English. The only exception to this will be Shivaji University which, in the near future, will insist on English as the sole medium for science education.

The picture changes altogether at the post-graduate level. Of the 40 universities only 18 or so have provision for teaching or examining through a regional language. English thus continues to be the only medium at this level in the other universities. The wholly regional universities like the Ravi Shankar, Gujarat Vidyapeeth and Kashi Vidyapeeth teach and examine in Hindi, Gujarati and Marathi only. So far as science subjects are concerned, English would appear to be the only medium at this level.

According to a statement made by the Central Education Minister in the Parliament in August 1969, out of 86 universities in the country 52 had already introduced either Hindi or other Indian languages as the medium of instruction in addition to English.

Literature in Indian Languages

The Government of India have initiated a scheme with a proposed outlay of Rs. 15 crores in the Fourth Plan for assisting the production of university-level books in regional languages.

The Government has agreed to grant Rs. one crore to each State Government, excluding the administrations of Union Territories and Nagaland, spread over a period of six years from 1968-69 for the production of books in the regional languages to facilitate the switch-over to regional languages.

Fifteen States have already set up book production boards. The Education Ministry has so far released Rs. 34,47,828 to Rajasthan, Bihar, Madhya Pradesh, Andhra Pradesh, Haryana, Uttar Pradesh, Tamil Nadu, Mysore, Kerala, West Bengal, Assam and Maharashtra.

The States have been advised that they could straightaway incur further expenditure of Rs. 4 lakhs each during 1969-70 and more funds would be given if needed.

In addition, the Ministry has also a plan under which 100 fellowships would be offered each year for the five years of the Fourth Plan to first class post-graduate students, who would take up the translation or writing of original books in regional languages.

Each translator has to have triple competence, competence in the foreign language, in the subject, and in the regional language.

Already more than 800 books in different subjects are available in Hindi at the university level.

UNIVERSITY GRANTS COMMISSION

(Bahadur Shah Zafar Marg, New Delhi-1)

Basic facts and figures (1967-68)

The total number of universities during 1967-68 was 74 and the number of institutions deemed to be universities was ten. The total number of colleges was about 2,899 as against 2,749 in 1966-67. The total enrolment in the universities and colleges (including Intermediate classes under the Board of High School and Intermediate Education, U.P.) was 22,18,972 as against 19,49,012 during 1966-67.

The number of teachers in Universities and Colleges was 1,02,454.

Grants paid during 1967-68

Grants are provided to universities and institutions deemed to be universities for the implementation of development programmes sanctioned by the Commission. The development needs of agricultural universities are looked after by the I.C.A.R. since funds for agricultural education are not placed at the disposal of the Commission. The Commission's grants are meant for additional staff, library and laboratory facilities, accommodation for teaching and research, books, furniture, equipment etc. The development programmes of the universities are examined and discussed by the Visiting Committees with the universities/institutions concerned, during each Plan period. The Commission has provided Rs. 1,69.24 lakhs as development grants for 1967-68.

In 1967-68 the development grants released to the universities for science subjects and for humanities and social sciences were Rs. 257.35 lakhs and Rs. 115.00 lakhs respectively. In addition to this some unassigned grants were also placed at the disposal of the universities for miscellaneous schemes such as construction of hostels, library buildings and staff quarters, provision of students' amenities etc. The grant under miscellaneous schemes during the year was Rs. 359.47 lakhs.

Centres of Advanced Study

The Commission has been providing special assistance to 30 selected university departments to function as Centres of Advanced Study. These centres are intended to encourage the pursuit of excellence and to improve quality and raise standards at the post-graduate and research levels. During the Third Plan period, grants amounting to Rs. 1.06 crores were utilised by these centres. The grants paid to these centres by the Commission during 1967-68 amounted to Rs. 73.18 lakhs which included payments for the normal development programmes of the present departments.

Engineering and Technology

The Commission has been providing grants for the development and expansion of higher education in engineering and technology to university departments and institutions maintained by the universities. The grants paid during 1967-68 amounted to Rs. 203.65 lakhs.

Summer Schools and Institutions

In 1967-68, 60 summer institutes (15 in mathematics, 16 in physics, 16 in chemistry and 13 in biology) were organised for school teachers in collaboration with the National Council of Educational Research and Training and the United States Agency for International Development.

2,416 teachers participated in these institutes. 49 summer institutes (13 in mathematics, 14 in chemistry and 11 each in physics and biology) were organised for college teachers and 1,867 teachers participated in these institutes. The grants paid to universities for these summer institutes amounted to Rs. 44.85 lakhs. Nine institutes in English language were also organised in collaboration with the British Council. These were attended by 470 teachers. Two institutes were organised for talented under-graduate students.

Apart from summer institutes, the Commission has been providing assistance to the universities for refresher courses, seminars, symposia and academic conferences.

Central Universities

The Commission paid maintenance grants amounting to Rs. 534.12 lakhs to the four central universities in 1967-68. The maintenance grants paid to the non-government colleges of Delhi University amounted to Rs. 180 lakhs and Rs. 15.14 lakhs for specific purposes.

New Universities

The Commission has agreed for the establishment of the following universities, viz. Kumaon University at Nainital (U.P.), Sambalpur and Berhampur Universities in Orissa, a Federal/Unitary type University at Ernakulam and a teaching-cum-affiliating University at Calicut. The Sambalpur, Berhampur and Calicut Universities have since been formed.

Award for Retired Teachers

The universities and colleges are helped to utilise the services of the selected retired teachers. Under the scheme an honorarium of Rs. 6,000 per annum is provided to a retired teacher to whom the award is offered. In 1967-68, 59 teachers were offered awards under the scheme. The grant paid during 1967-68 amounted to Rs. 11.24 lakhs.

Financial assistance is also provided to selected teachers for the purchase of equipment and literature to carry on research or learned work. In 1967-68 Rs. 5.25 lakhs were approved for 196 projects in humanities and local sciences and 303 projects in science subjects, engineering and technology as grants under the scheme.

The Commission also gives assistance to universities and colleges for the construction of staff quarters and teacher's hostels. During 1967-68 payments to universities on this account amounted to Rs. 28.20 lakhs for staff quarters, Rs. 17.59 lakhs for teachers' hostels and Rs. 57.89 lakhs for students' hostels.

Scholarships and Fellowships

Senior and junior research fellowships are provided by the Commission to enable deserving scholars to pursue advanced study and research. The senior fellowships are of the value of Rs. 500 per month and junior fellowships of the value of Rs. 300 per month in the humanities and science subjects. In engineering and technology the value of the fellowship is Rs. 400 per month. All these fellowships carry a grant of Rs. 1,000 per annum for expenditure on contingencies. In 1967-68, 60 senior and 214 junior fellowships were awarded in humanities and science subjects and 26 in engineering and technology. The total number of research students working under the fellowships awarded by the Commission is 356 in humanities and science subjects and 50 in engineering and technology. The Commission allocated 321 research scholarships, each of the value of Rs. 250 per month, to the universities. 16 scholarships of the value of Rs. 1,200 per annum for honours and post-graduate studies in Arabic and Persian were awarded in 1967-68.

General Schemes

The Commission also provides assistance to universities* and colleges for programmes of general education, publication of research works including doctoral theses, establishment and improvement of printing presses, construction of guest houses etc.

Universities (Feb. 1969)

The Universities with the names of Vice-Chancellors are given below :—

Agra University.—Shital Prasad; *Aligarh University.*—Prof. Abdul Aleem; *Allahabad University.*—Prof. A. B. Lal; *Andhra University.*—L. Bullayya; *Andhra Pradesh Agricultural University* (Hyderabad).—O. Pulla Reddy; *Annamalai University* (Annamalainagar).—Dr. S. P. Adinarayan; *Awadesh Pratap Singh University*, (Rewa, M.P.)*—R. C. Roy; *Banaras Hindu University.*—Vacant; *Bangalore University.*—Dr. V. K. Gokak; *Berhampur University.*—R. P. Padhi; *Bhagalpur University.*—Dr. Bisheswar Prasad; *Bihar University* (Muzaffarpur).—Dr. P. S. Muhar; *Bombay University.*—Dr. P. B. Gajendra-gadkar; *Burdwan University.*—Dr. D. M. Sen; *Calcutta University.*—Prof. S. N. Sen; *Calicut University* (Calicut).—K. C. Chakko, (Pro-Vice-Chancellor); *Delhi University.*—Vacant; *Dibrugarh University.*—Dr. B. R. Seth; *Gauhati University.*—Dr. M. N. Goswami; *Gorakhpur University.*—Rev. P. T. Chandi; *Gujarat University* (Ahmedabad).—Prof. Umashankar Jethalal Joshi; *Gujarat Ayurveda University*, (Jamnagar).—M. P. Vyas; *Indira Kala Sangeet Vishwavidyalaya* (Khairagarh).—U. Misra Acharya (Rector); *Indore University.*—K. L. Joshi; *Jabalpur University* (Jabalpur).—Dr. R. B. Pandey; *Jadavpur University* (Calcutta 32).—Vacant; *Jammu & Kashmir University* (Srinagar).—Dr. J. N. Bhan; *Jawaharlal Nehru Krishi Vishwavidyalaya* (Jabalpur).—Dr. L. S. Negi; *Jiwaji University* (Gwalior).—S. S. Bhandarkar; *Jodhpur University.*—Dr. M. L. Roonwal; *Kalyani University.*—S. K. Mukherjee; *Kameshwar Singh Darbhanga Sanskrit Vishwavidyalaya* (Darbhanga).—Kumar Gangannand Sinha; *Kanpur University*, (Kanpur).—Acharya Jugal Kishore; *Karnatak University* (Dharwar).—Dr. A. S. Adke; *Kerala University* (Trivandrum).—Dr. A. Aiyappan; *Kurukshetra University.*—Deep Chand Varma; *Lucknow University.*—Prof. M. B. Lal; *Madras University.*—N. D. Sundaravadivelu; *Madurai University.*—T. P. Mecnakshi Sundaram; *Magadh University.*—B. M. K. Sinha; *Maharaja Sayajirao Univ. of Baroda.*—Dr. C. S. Patel; *Marathwada University* (Aurangabad).—Dr. N. R. Tawde; *Meerut University.*—Dr. R. K. Singh; *Mysore University.*—Dr. K. L. Shrimali†; *Nagpur University.*—Dr. V. B. Kolte; *North Bengal University* (Darjeeling).—Prof. A. C. Roy; *Orissa University of Agriculture and Technology* (Bhubaneswar).—Dr. B. Samant Rai; *Osmania University* (Hyderabad).—Dr. D. S. Reddi; *Punjab University* (Chandigarh).—Suraj Bhan; *Punjab Agricultural University* (Ludhiana).—P. N. Thapar; *Patna University.*—Dr. K. K. Datta; *Poona University.*—Dr. H. V. Pataskar; *Punjab University* (Patiala).—Kirpal Singh Narang; *Rabindra Bharati* (Calcutta).—Dr. (Smt.) Roma Choudhury; *Rajasthan University* (Jaipur).—Dr. R. C. Mehrotra; *Ranchi University.*—A. F. Markham; *Ravishanker University*, (Raipur).—Dr. B. L. Pandey; *Roorkee University.*—M. R. Chopra; *Sambalpur University.*—Vacant; *Sardar Patel University.*—(Vallabh Vidyanagar).—I. J. Patel; *Saugar University.*—Prof. M. P. Sharma; *Saurashtra University* (Rajkot).—D. R. Mankad; *Shivaji University* (Kolhapur).—Dr. A. G. Pawar; *S. N. D. T. Women's University* (Bombay).—Dr. (Smt.) Premila V. Thackersey; *South Gujarat University*, (Surat).—Prof. C. N. Vakil; *Sri Venkateswara University* (Tirupati, Andhra);

* Dr. K. L. Shrimali. † Is now Vice-Chancellor, Banaras Hindu University.

—Dr. V. G. Vaman Rao ; *U. P. Agricultural University* (Pant Nagar).—Dr. P. Singh ; *Udaipur University* (Udaipur).—Dr. G. S. Mahajani ; *University of Agricultural Sciences* (Malleswaram).—Dr. K. C. Naik ; *Utkal University* (Bhubaneswar).—Dr. S. Misra ; *Varanaseya Sanskrit Vishwavidyalaya* (Varanasi).—Dr. Gauri Nath Shastri ; *Vikram University* (Ujjain).—Dr. Shiv Mangal Singh "Suman" ; *Visva Bharati* (Santiniketan).—Dr. K. Bhattacharya.

Names of Institutions deemed to be Universities

Birla Institute of Technology and Science (Pilani).—Director : Col. V. Lakshmi Narayan ; *Gujarat Vidyapith* (Ahmedabad) : Thakorbbhai Desai ; *Gurukul Kangri Vishwavidyalaya* (Hardwar) : Vice-Chancellor : Acharya Priya Vrata ; *Indian Agricultural Research Institute* (New Delhi) : Director : Dr. M. S. Swaminathan ; *Indian Institute of Science* (Bangalore) : Director : Dr. S. Dhawan ; *Indian School of International Studies* (New Delhi) : Director : Dr. M. S. Rajan ; *Indian School of Mines* (Dhanbad).—Director : Prof. D. N. Prasad ; *Jamia Milia Islamia* (New Delhi) : Vice-Chancellor : Prof. M. Mujeeb ; *Kashi Vidyapith* (Varanasi) : Vice-Chancellor : Prof. Raja Ram Shastri ; *Tata Institute of Social Sciences* (Bombay) : Director : Dr. M. S. Gore.

TECHNICAL EDUCATION

The All-India Council for Technical Education gives advice on all matters relating to the co-ordination and development of technical education in the country.

Five Higher Technological Institutions of national importance at Kharagpur, Bombay, Madras, New Delhi and Kanpur have been set up. The admission to these institutes at the under-graduate level are made on the basis of a common entrance examination conducted at several centres in the country and one centre at London. Besides these, fourteen large-sized regional engineering colleges, a number of other engineering colleges, technological institutions and polytechnics have been set up. For specialised courses such as Mining, Engineering and Metallurgy, a number of centres have been established both for degree and diploma courses. For Printing Technology, four regional schools one each at Madras, Calcutta, Allahabad and Bombay have been established. Telecommunication Engineering, Chemical Engineering, Architecture, Textile Technology, Petroleum Technology, Production Technology, Geophysics are some of the subjects in which institutions are today offering courses. Besides the establishment of new institutions and new courses, the old institutions have also been expanded and developed. By 1965-66 the number of instructions for degree and diploma courses has risen to 133 and 274 with an admission capacity of 24,695 and 48,048 respectively. Today about 2,200 places have been made available for advanced training for post-graduate courses and research. 104 Junior Technical Schools had been established by the academic year 1965-66 ; designed especially for those who wish to enter industry and other technical occupations.

All India Council

The Council represents all the interests which are concerned with the technical education. It consists of representatives of all State Governments, Ministries of the Central Government, Parliament, Industry, Commerce, Labour, Professional and learned societies, Universities, Technical Institutions and various other concerned interests. Its functioning, *inter alia*, includes the preparation of plans for the development of technical manpower of different types and suggesting measures to meet

them, suggesting improvement in the pattern of technical education from time to time to suit changing conditions, establishing liaison between industry, Government departments and other organisations on the one hand and technical institutions on the other, coordinating the activities of States, recommending grants and other forms of assistance that might be given by the Centre to the State Government institutions, University institutions and other organisations for development of technical education. For the proper discharge of its functions, the Council has set up a Coordinating Committee, four Regional Committees and seven Boards of Technical Studies.

Courses

Technical Education in India is a four-tiered structure comprising post-graduate courses and research ; first degree courses ; diploma courses ; and Vocational or Industrial training.

A scheme has also been formulated for a two-year diploma course for training technicians, with higher secondary as the admission qualification. The scheme aims at giving specialised training in particular fields of engineering directly related to the functions of a diploma holder in Industry.

A scheme for part-time diploma courses in engineering for persons working in the Industry has also been introduced.

Indian Institute of Science, Bangalore : (See under Mysore State Associations for details).

School of Planning and Architecture, Delhi : The School offers graduate courses in Architecture for the Bachelor's degree course of the university of Delhi and the National Diploma course of the All India Council for Technical Education. Besides, post-graduate courses in Town and Country Planning — both part-time and full-time and in Housing (full-time) are run by the School.

All India Institute of Management, Calcutta and Ahmedabad : The institutes were established by the Central Government in 1962-63 in collaboration with the State Governments, local industrialists and Ford Foundation. They conduct post-graduate courses and research in management and related fields. The institutes also do consultancy work in response to requests from Government departments and private enterprises.

Administrative Staff College, Hyderabad : This institute offers a 12-week course to young administrators from all walks of national life in the principles and techniques of organisation, administration and leadership in civil life.

National Institute for Training in Industrial Engineering, Bombay : Established in 1964 with the U.N. Special Assistance Fund, the institute is intended to train suitably qualified persons in industrial engineering methods and techniques.

National Institute of Foundry & Forge Technology, Ranchi : With a view to providing training facilities in foundry engineering and forging, the Central Government had approved the establishment of the institute in 1966-67. It will also conduct short-term refresher courses in the latest methods and techniques of production, design and development for persons working in the industry.

Scheme-wise financial allocations for technical education during 1968-69 (Revised) and 1969-70 (Estimates) respectively : (Rupees lakhs) : Post-graduate courses and Research 43.43 ; 50.00 ; Post-graduate Courses and Research at Regional Engineering Colleges 25.00 ; 30.00 ; Part-time Courses 17.73 ; 8.50 ; Fellowships for Training of Teachers and Technical Institutions 17.74 ; 14.19 ;

Practical Training Stipends scheme (Plan) 109·00 ; 110·00; (Non-plan) 22·00; 40·00; Research Training scholarships/ Research Fellowships Scheme (Non-plan) 5·00 ; 5·20; Summer Institutes 18·00 ; 23·00; Recurring Grants-in-Aid to others for Specialised Courses (Non-plan) 4·58; 4·58; Revision of Salary Scales of Teachers (Plan) 26·00; 15·00; Establishment of Four Regional Institutes for Training of Teachers of Polytechnics 58·70; 49·90; Regional Engineering Colleges 300·00; 313·00; Indian Institute of Technology (Plan) 521·92; 347·00; (Non-Plan) 355·29; 527·24; School of Planning & Architecture, New Delhi (Plan) 5·04; 2·64; (Non-Plan) 10·96; 14·20; National Institute of Foundry and Forge, Ranchi 7·78; 20·00; Management Institutions (Plan) 38·77; 27·19; (Non-Plan) 23·29; 28·11; Indian School of Mines, Dhanbad (Plan) 5·13; 8·46; (Non-Plan) 21·18; 21·10; Indian Institute of Science, Bangalore (Non-Plan) 112·00; 112·00; Directorate of Practical Training in Mines, Dhanbad (Non-Plan) 1·83; 1·93; National Institute for Training in Industrial Engineering, Bombay — ; 5·51; Central Grants to Private Institutions 11·00; 102·50; Grants to other Parties under Old AICTE Scheme 16·10; 16·10.

Fourth Plan Programme

Technical institutions have been planned for an annual admission capacity of 25,000 students at the degree level and 48,600 students at the diploma level. The actual

admissions in 1968-69 were about 17,000 in degree and 31,500 in diploma courses. The main emphasis in technical education, during the Fourth Plan, will be on improving quality and standards. The improvement programmes would relate to pre-service and in-service training of teachers, re-organisation of diploma courses in order to diversify and reorient them functionally to the needs of the industry, expansion and improvement of post-graduate engineering studies and research, curriculum development and preparation of instructional materials including laboratory equipment. The number of places for practical training in industry, which was increased from 2,000 in 1967-68 to 11,000 places in 1968-69, will be maintained at about the same level during the Fourth Plan. Centres of advanced study will be developed in aeronautics, material sciences and instrument technology. Facilities for part-time degree and diploma courses will be increased. Management studies at the Institutes of Management at Calcutta and Ahmedabad and in the universities will be further developed. Support will be given for further development to the Indian Institute of Science, Bangalore, the National Institute of Training for Industrial Engineering, the National Institute of Forge and Foundry and other institutions.

Allocation for technical education during the Fourth Plan : Rs. 54·32 crores for the States and Rs. 5·40 crores for the Union Territories.

Total	3,051.75	1,798.9	6,066.00	3,500.0	2,566.00

NOTE.—(1) Plan outlay figures are actuals for 1966-67 (Rs. 991.4 crores) and 1967-68 (Rs. 1,001.5 crores); anticipated expenditure for 1968-69 (Rs. 1,058.9 crores). The actual for 1968-69 may turn out to be lower. (2) Figures of Central assistance are allocations for 1966-69.

* Plan Outlays—Union Territories—Annual Plans 1966-69 and Fourth Plan respectively in Rs. crores: Andaman and Nicobar Islands 4.82; 11.00; Chandigarh 6.82; 7.50; Dadra and Nagar Haveli 0.90; 2.24; Delhi 67.72; 155.65; Goa, Daman and Diu 21.36; 37.00;

Himachal Pradesh 41.54; 94.40; Laccadive, Amindivi and Minicoy islands 1.17; 1.96; Manipur 8.71; 28.00; NEFA 6.79; 16.29; Pondicherry 5.25; 12.00; Tripura 12.96; 31.91; total 178.04; 397.95.

NOTE.—Plan outlay figures are actuals for 1966-67 and 1967-68, and anticipated for 1968-69.

IMPORT-EXPORT TRADE—(Contd. from page 75)

India's export achievement in 1968-69 has been highly impressive. Exports soared by 13.1 per cent to a record high of Rs. 1,353.8 crores. Our exports totalled only Rs. 1,197.0 crores in 1967-68 and Rs. 1,156.6 crores in 1966-67. The increase in exports during 1968-69 is the biggest ever recorded in a single year since 1963-64, when exports rose by 15.7 per cent.

The current upsurge in exports marks a complete recovery from the shock of the devaluation of the rupee.

Imports declined by 8.2 per cent to Rs. 1,790 crores in 1968-69. The trend towards import contraction has thus been sustained. Imports were lower at Rs. 1,950.5 crores in 1967-68 as compared with Rs. 2,078.4 crores in 1966-67.

PUBLIC FINANCE—(Contd. from page 109)

The duty on pump sets has been withdrawn, but the excise on fertiliser stays. A special exemption from wealth tax has been provided for agricultural land, thus raising the total ceiling of exemption for agricultural wealth. Relief has been provided for preserved foods prepared by small and cottage industries and for rayon filament made by small units. The duty on cement has been cut by Rs. 1.86 per tonne.

Moving for the consideration of the Finance Bill, the Deputy Prime Minister, Mr. Morarji Desai, announced a series of budget concessions which would result in a revenue loss of Rs. 5.09 crores.

The duty on cotton fabrics falling under the new sub-item I(I) of item 19 of the Central excise tariff is being reduced from 15 per cent to 7½ per cent in respect of all varieties excepting cotton blankets whose value does not exceed Rs. 2.50 per square metre and in the case of blankets if the value does not exceed Rs. 4 per square

metre. The excise on cotton yarn in count groups 22-29 NF, 14-22 NF and less than 14 NF is being reduced by 8 paise, 5 paise and 3 paise per kg., respectively.

As a concession to the powerloom sector of the textile industry the duty in respect of all varieties falling under sub-item I (I) of the item 19 of the central excise tariff when manufactured in the powerloom sector is being reduced to two-thirds of the rates applicable to similar fabrics made by the mill sector.

Besides this excise relief, a concession is granted to companies ending their accounts in December in the matter of payment of advance tax; also relief has been provided in the case of penalties for defaulters in filing wealth tax returns.

The Finance Minister also announced a cut in the postage rate for newspapers. But he has simultaneously raised the charges for registration of postal articles from 70 paise to 75 paise.

PUBLIC HEALTH

MATTERS connected with health fall largely in the State field.

The Centre is, however, directly responsible even for State subjects in the Union Territories of Delhi, Andaman and Nicobar Islands and Minicoy and Amindivi Islands.

The Central Health Service covers all medical and public health posts under the Central Government and the Union Territories other than those under the Ministries of Railways and Defence, and is governed by the Central Health Service (Amendment) Rules, 1966 which came into force from 9th September, 1966.

CENSUS (Dec. 31, 1966).

(Latest available)

Hospitals and Dispensaries 14,600*; Beds 2,400,100*; Primary Health Centres 4,683(a); Medical Colleges 91(c); Annual admissions 10,580; Dental Colleges 14(b); Annual admissions 544(b); Registered Doctors 1,05,310; Registered Dentists 4,192(d); Nurses† 57,621; Auxiliary Nurse Midwives 15,988; Midwives 62,537; Health Visitors 5,382; Pharmacists 56,976§; Vaid 1,600,000@; Malaria Units 395.25(e); Sanitary Inspectors 18,000; Filaria

Control Units 72(e); T.B. Clinics 459(a); T.B. Training Centres 15(a); B.C.G. Teams 216(f); T.B. Beds 36,000(a); T.B. tested by the teams 241.69 million (g); T.B. NATIONAL INSTITUTE OF COMMUNICABLE DISEASES

Objectives and functions: To undertake research into all basic facts underlying the prevalence and spread of communicable diseases and their prevention and study of aetiological agents, vectors, mechanism of infection, including endemic and epidemic phenomena, and any zoonotic reservoirs. Clinical investigations in communicable diseases, including treatment and study of early diagnostic technique, relapse problems and effects of new drugs.

Arrangements will be made at the Institute for training research workers and training personnel in epidemiology, medical entomology and control of communicable diseases. The participants at those courses included Medical Officers sponsored by the W.H.O. & SEARO from countries mainly in the South East Asia region.

* As on March 31, 1966; † Combined number for Junior and Senior grade nurses; § Provisional; @ Registered or enlisted for registration; (a) As on Sept. 30, 1967; (b) Dec. 31, 1967; (c) March 31, 1963; (d) Oct. 31, 1967; (e) Aug. 31, 1967; (f) June 30, 1967; (g) Nov. 30, 1967.

The Institute has been recognised by several universities for the purpose of post-graduate research degrees of Ph.D. & D.Sc. (PH). The Institute assists the National Smallpox Eradication Programmes in the country.

Veneral Diseases Control Programme

The main principles followed in the V.D. programme were:—(i) Treatment of detected cases; (ii) Epidemiological measures to detect cases; (iii) Educational measures.

During the Second and Third Five Year Plans 142 clinics were established in the different States. It is proposed to establish 10 V.D. Clinics during 1969-70.

A programme for periodical Inter-Laboratory Evaluation and of Serological tests for Syphilis, is being carried out with a view to keeping up a high and uniform standard. A central V.D. Advisory Committee has been constituted.

The country is self-sufficient for the diagnostic V.D.R.L. Antigen which is produced in the country.

Yaws: Yaws is prevalent in some areas of Andhra Pradesh, Maharashtra, Madhya Pradesh and Orissa. While the work in Andhra Pradesh has been completed, it is expected that these teams would cover the entire area in Madhya Pradesh and Orissa shortly.

Cancer: The number of persons who die of cancer annually is believed to be in the neighbourhood of 2 lakhs.

There are 50 general hospitals in the country where facilities for cancer treatment are available in the form of surgery, radium etc. They are two in Andhra Pradesh, 4 in Assam, 1 in Bihar, 2 in Delhi, 3 in Gujarat, 3 in Kerala, 8 in Tamil Nadu, 3 in Maharashtra, 4 in Mysore, 2 in Orissa, 5 in Punjab, 4 in Rajasthan, 4 in U.P. and 4 in Calcutta.

Research is conducted at the Indian Cancer Research Centre, Bombay. Tata Memorial Hospital, Bombay, Chittaranjan Cancer Hospital, Calcutta, Chittaranjan National Cancer Research Centre, Calcutta, and Ruplal Nandi Cancer Research Centre, Chandarnagore.

Cobalt '60' Unit

The Govt. of Canada have donated through the Colombo Plan Capital Aid Programme 19 Cobalt '60' Therapy Units. The following are the names of the recipient institutions: Tata Memorial Hospital, Bombay (two units); Chittaranjan Cancer Hospital, Calcutta; Christian Medical College and Hospital, Vellore; Christian Medical College and Hospital, Ludhiana; Cancer Institute, Madras; Medical College, Trivandrum; Medical College, Patna; Radium Institute and Cancer Hospital, Hyderabad; S.C.B. Medical College and Hospital, Cuttack; J.K. Institute of Radiology and Cancer Research, Kanpur; Medical College Hospital, Calcutta; Swami Man Singh Hospital, Jaipur; Safdarjang Hospital and All India Institute of Medical Science, New Delhi; P.B.S. Medical Hospital, Bikaner; Victoria Hospital Medical College, Dibrugarh; Shri M. P. Shah Cancer Hospital, Ahmedabad; Miraj Medical Centre, Miraj; Medical College, Pondicherry.

Medical Radio'ogy

The following medical institutions impart training in medical radiology.

Institute of Medical Sciences, Osmania Medical College, Hyderabad; Darbhanga Medical College, Laherisara; Medical College, Baroda; B.J. Medical College, Ahmed-

bad; Medical College, Trivandrum; G.R. Medical College, Gwalior; Barnard Institute of Radiology, Madras; Christian Medical College, Vellore; Madras Medical College, Madras; Madurai Medical College, Madurai; Stanley Medical College, Madras; Grant Medical College, Bombay; Topiwala National Medical College, Bombay; Armed Forces Medical College, Poona; S.C.B. Medical College, Cuttack; Institute of Post-graduate Medical Education and Research, Chandigarh; S.M.S. Medical College, Jaipur; Kinz George Medical College, Lucknow; Sarojini Naidu Medical College, Agra; Ganesh Shankar Vidyarthi Memorial Medical College, Kanpur; Maulana Azad Medical College, New Delhi; Lady Hardinge Medical College, New Delhi; All India Institute of Medical Sciences, New Delhi; Safdarjang Hospital, New Delhi.

PUBLIC HEALTH AGENCIES

A Central Council of Health exists with the Union Minister for Health, Family Planning and Urban Development as chairman and State Health Ministers as members.

The body in charge of research is the Indian Council of Medical Research.

List of Medical Research Institutes/Laboratories in India: Indian Council of Medical Research, Medical Enclave, New Delhi; Indian Cancer Research Centre, Bombay; Central Research Institute, Kasauli (Himachal Pradesh); All India Institute of Hygiene and Public Health, Calcutta; School of Tropical Medicine, Calcutta; Malaria Institute of India (Central Institute for Communicable Diseases), Delhi; Central Drugs Laboratory, Government of India, 3, Kyd Street, Calcutta; Haffkine Institute, Bombay; Nutrition Research Laboratories, Tarnaka, Hyderabad-7 (Dn.); Pasteur Institute of Southern India, Coonoor; K. E. VII Memorial Pasteur Institute, Shillong; Government Vaccine Institute, Namkum (Ranchi); Regional Research Laboratory, Jammu, Tawi; B. C. G. Laboratory, Guindy, Madras-15; Vaccine Institute, Public Health Institute, Mysore, Bangalore; Leprosy Research Centre, Madras; King Institute, Guindy, Madras; Virus Research Centre (B. J. Medical College, Old Building), Poona; Vallabhbhai Patel Chest Institute, University of Delhi; Pasteur Institute, School of Tropical Medicine, Calcutta-12; Cancer Institute, Madras; All India Institute of Mental Health, Bangalore; Central Drug Research Institute, Lucknow; Chittaranjan Cancer Research Centre, Calcutta; Radium Research and Cancer Hospital, Hyderabad (Andhra Pradesh); Institute of Post Graduate Medical Education and Research, Calcutta; Central Leprosy Teaching and Research Institute, Tirumani; National Chemical Laboratory, Poona; All India Institute of Medical Sciences, New Delhi; National Institute of Experimental Medicine and Biochemistry, Calcutta-13; Central Food Technological Research Institute, Mysore-2; Institute of Child Health, Calcutta; National Medical Institute, Calcutta; Institute of Ophthalmology, Aligarh; Pasteur Institute, Patna; Bose Institute, Calcutta; Institute of Venereology, Madras; Institute of Obstetrics and Gynaecology, Madras; Barnard Institute, Madras.

CONTROL OF DISEASES

Steps are being taken to control a number of diseases that are rampant.

MALARIA

Under the National Malaria Eradication Programme with 393.25 units functioning all over the country a.

population of 502 million is protected. The actual position of the units during 1968-69 was as follows:

Phase	Units	Population in million	Percentage
Attack	112-985*	141	28
Consolidation ..	70-385	91	18
Maintenance..	209-88	270	5

* Including total of 71-34 unit areas (i.e. 91 million population) reverted to Attack phase from Consolidation (51-70) and Maintenance (19-00).

The estimated expenditure on National Malaria Eradication Programme during 1968-69 is estimated to be Rs. 16.66 crores.

The WHO and the U.S.A.I.D. are assisting the programme in India.

FILARIA

An outlay of Rs. 5.50 crores has been suggested for the National Filaria Control Programme during the Fourth Five Year Plan.

Three Filariasis Training Centres, one each at Calicut, Rajahmundry and Varanasi, have been established for training personnel, conducting research, carrying out surveys in limited areas and evaluation of the activities of the control units of the States on a regional basis.

Under the programme, 67 Control Units are functioning in 15 States and Union Territories giving protection to about 7 million persons. Besides, 5 Headquarters Units, three Research-cum-Training Centres, 23 Filaria Clinics and 39 Co-ordination Committees for vector control are functioning in various towns and cities.

LEPROSY

It is estimated that there are about 2.5 million leprosy patients in India, the incidence in some places being as high as 40 per thousand. About 20 per cent of the estimated cases are of the infective type.

In India the problem of leprosy is massive in two States and is high in six States. The estimation of cases in these States has been done on the basis of available epidemiological data. In between Andhra Pradesh and Madras, it has been estimated that there are nearly half the total number of cases of leprosy in India.

The names of the States with population in millions and estimated number of cases in lakhs respectively are as follows:—

Madras 33.6-6.4; Andhra Pradesh 36.0-5.2; Bihar 46.5-2.8; Maharashtra 37.2-2.2; Mysore 17.2 (Population of endemic zones only)—1.4; Orissa 16.6—1.9; U. P. 29.2 (Population of endemic zones only)—1.4 West Bengal 35.0-2.4; Remaining States N.A.—1.3; Total estimated no. of cases in lakhs 25.0.

As on December 31, 1968, there were 182 leprosy control units, 1,130 S.E.T. Centres (Survey, Education and Treatment Centres) attached to Hospitals, Primary Health Centres, Dispensaries, etc. functioning in the country.

Upto June 1968 the achievements under the National Leprosy Control Programme are as follows:—

The Central Leprosy Teaching and Research Institute, Chingleput undertakes research in the various problems concerning leprosy and promotes field studies for the application of the results of the research to control the

spread of leprosy. It also functions as a centre for offering technical advice and guidance for the promotion of anti-leprosy work on sound lines. This institute makes available its services for the investigation of special problems in all parts of the country. Training Courses for medical officers, para-medical workers, physiotherapy technicians, laboratory technicians etc. are conducted in this institution.

13 Leprosy Training Centres have been established one each in Kerala, Madhya Pradesh, Mysore, Bihar, Orissa, Uttar Pradesh; two each in Andhra Pradesh, Tamil Nadu, Maharashtra and West Bengal, for the training of Para-Medical workers.

The WHO and the UNICEF assist the Government of India and the State Governments in the National Leprosy Control Programme in the shape of personnel, fellowships, transport, equipment, drugs, teaching aids and stipends for trainees.

Private bodies like the Mission Hind Kusht Nivaran Sangh (Indian Leprosy Association) and Gandhi Memorial Leprosy Foundation have been taking active part in controlling leprosy.

Population covered 71.7 million; persons examined 36.9 million; cases detected 346,928; cases recorded 739,785; cases registered for treatment 669,587; healthy contacts registered for observation 1,873,686.

TRACHOMA

Trachoma infection is highly endemic in the States of Punjab including Haryana (79.1%), Rajasthan (74.3%), Uttar Pradesh (68.1%), and Gujarat (56.6%). Amongst the group of moderately endemic areas where the prevalence was noted to be less than 50 per cent but more than 20 per cent were the States of Madhya Pradesh (41.3%), Bihar (35.6%), Assam (25.2%), and Mysore (22.6%). In low endemic areas where the prevalence was noted to be under 20 per cent were the States of Jammu & Kashmir (16.8%), Maharashtra (11.3%), Kerala (8.7%), Tamil Nadu (4.6%), Orissa (2.7%), West Bengal (0.5%), Andhra Pradesh (5.3%).

About 4.5 million are estimated to be blind in India in comparison to the total world estimates of about 15 million. About 60 to 80 per cent of the blindness is preventable.

National Trachoma Control Programme: The programme is being implemented in Punjab, Haryana, Rajasthan, Uttar Pradesh and Gujarat and on a limited scale in the States of Bihar, Jammu & Kashmir, Madhya Pradesh and Mysore.

But by the end of the 3rd Plan population coverage of 6.8 million was achieved against a target of 5.54 million.

During the Fourth Plan it is proposed to bring an additional population of about 26.98 million under the Control Operations, the proposed additional coverage for the period 1969-70 being 2.14 million.

The headquarters of the programme are located at Aligarh with the object of: (1) Planning; (2) Technical supervision and guidance to the States; (3) Training of the national and international workers; and (4) continuing concurrent field research in control methodologies.

The programme is associated with two international agencies — World Health Organisation and UNICEF.

TUBERCULOSIS

Up to the end of September 1968, a total of about 247 million persons were tuberculin tested and 114 million

persons were BCG vaccinated from the inception of the campaign in 1949. So far 25 million people of which 9.93 lakhs are newborns have been BCG vaccinated without a tuberculin test. During 1968-69, 63.09 lakh persons were BCG vaccinated from Jan. to Sept. 1968 (9 months). The total number of BCG teams in the country now comes to 221.

T.B. Demonstration and Training Centres: Fifteen Training and Demonstration Centres are functioning in 14 States and Union Territories. Effort is being made to equip them with mobile X-ray units and culture laboratory equipment.

National Tuberculosis Institute, Bangalore: This institute runs two training courses of 13 weeks' duration each every year for the training of medical officers and other para-medical staff required to man the District Tuberculosis Centres. The Institute has also been recognised for training at the international level and the WHO fellows from various foreign countries participating in the Prague International courses on epidemiology and control of tuberculosis have been visiting the Institute every year for about 4 weeks' training since 1966. The various field research activities under the National TB control programme are also being undertaken at the Institute.

T. B. Clinics: There are 502 T.B. Clinics in the country, out of which 199 are equipped with miniature X-ray and laboratory facilities. The international bodies like WHO & UNICEF are actively assisting the development of these District T.B. Centres.

GOITRE

Endemic goitre associated with cretinism, deaf-mutism and various other grades of physical and mental deterioration is prevalent in the northern parts of Kashmir, Punjab, Himachal Pradesh, Bihar, Uttar Pradesh, West Bengal, Assam, N.E.F.A. and Manipur. According to the latest available data, about 40 to 45 million people inhabit this goitrous belt of the country and about 9 to 10 million of them suffer from goitre.

During the Fourth Five Year Plan nine more spray type of iodisation plants with a total capacity of two lakh tonnes of iodised salt per annum are proposed to be installed to cater to the needs of 45 million people.

SMALL-POX

Under the National Small-pox Eradication Programme, out of a total population of 524 million (mid-year estimated population of 1968) 99.88 million primary vaccinations and 533.60 million revaccinations have been performed up to 1st December 1968. As against 71,214 cases and 16,255 deaths in 1967 (up to October) 24,003 cases and 5,460 deaths have been reported in the corresponding period in 1968 indicating 66 per cent reduction both in morbidity and mortality.

To meet the requirements of the vaccine, the Government of the USSR have gifted 750 million doses of vaccine, besides 19.09 million doses obtained from Netherlands, Switzerland, U.K., Madagascar, German Protestant Organisation and the USAID as free gift.

In order to make India self-sufficient UNICEF have further agreed to give additional equipment worth \$ 380,000 besides 8 Shelf driers, 4 Centrifugal driers and other ancillary equipment already supplied by them. Preliminary action for the installation of the additional equipment at Patwadangar and Belgaum Institute is being taken.

CHOLERA

During the year 1968 (up to end of December), 20,749 cases and 3,353 deaths due to cholera were reported in

the country as against 12,180 cases and 2,608 deaths during the previous year.

The Central Cholera Organisation undertook the task of delineation of endemic foci. For the 58 selected endemic districts, data were collected in respect of smaller administrative units in order to analyse and pinpoint the endemic foci in these districts.

MATERNITY

Maternity and Child Welfare are very important components of health service. 15 States and two Union Territories have established posts of Assistant Directors of Health Services to direct Maternity & Child Welfare Services.

Non-official bodies engaged in welfare work are the Indian Council for Child Welfare, New Delhi; The Kasurba Gandhi Memorial Trust; The Central Social Welfare Board; and the Indian Red Cross Society.

In the rural areas maternity and child welfare services are incorporated as a function of the primary health centres. Up to March 31, 1967, 5,083 primary health centres and 17,521 sub-centres—attached to the Primary Health Centres—have been established.

In Urban area M.C.W. services are available at M.C.H. Centres established by voluntary organisations, local bodies and State Governments.

DEFECTIVES

It is estimated that the total number of blind is about 4.39 million and the deaf between 10 and 15 lakhs.

There are in all 131 institutions for the blind and 71 for the deaf and 51 for the mentally handicapped. 23 institutions cater for the orthopaedically handicapped children.

The Government of India give scholarships to blind and deaf persons between the age of 16 and 30 in order to help them to undertake higher academic education, or, professional, vocational or technical training in normal institutions of learning. Scholarships are also awarded to orthopaedically handicapped children and adults who fall in the age-group of 12-30.

The Training Centre for the Adult Blind at Dehra Dun imparts training in engineering and non-engineering trades.

The Central Braille Press at Dehra Dun has already published several Braille books in English, Hindi and other regional languages.

The National Library for the Blind in Dehra Dun has 590 members on the roll which circulates about 1,200 volumes of braille literature every month.

There are special employment exchanges for the physically handicapped at Bombay, Delhi, Madras, Hyderabad, Bangalore, Calcutta, Ahmedabad, Chandigarh and Kanpur and the total number of placements made by these exchanges since their inception up to 31st Dec. 1965 is 2,189.

There are also Centres at Bombay, Delhi and Narendrapur (W. Bengal) for the Training of Teachers of the Blind on regional basis. During 1966-67 about 30 teachers completed their training.

MENTAL DISEASES

The number of mentally ill persons in India who need institutional treatment is estimated at 1.5 million, and of psycho-neurotics about 3 million. The number of hospital beds is a little less than 25,000. Qualified psychiatrists number about 250, and those practising but formally unqualified about 1,000.

There are at present 51 institutions (25 Government and 26 private) for mentally retarded and handicapped.

Major centres are in : Chandigarh (1), Uttar Pradesh (5), Mysore (2), Maharashtra (19), Tamil Nadu (1), Madhya Pradesh (1), Kerala (1), Gujarat (3), Delhi (7), Bihar (2) and Andhra Pradesh (2).

At present there are 41 mental hospitals with accommodation for about 25,000 patients.

The following is a list of mental hospitals in India :

Government Mental Hospital, Waltair; Hospital for Mental Diseases, Hyderabad; Mental Hospital, Tezpur; Hospital for Mental Diseases, Ranchi; Ranchi Manasika Arogya Shala, Ranchi; Mental Hospital, Ahmedabad; Mental Hospital, Baroda; Mental Hospital, Bhavnagar; Mental Hospital, Bhuj; Mental Hospital, Jamnagar; Mental Hospital, Srinagar; Mental Hospital, Trivandrum; Mental Hospital, Trichur; Mental Hospital, Calicut; Government Mental Hospital, Madras; Mental Hospital, Indore; Mental Hospital, Gwalior; Government Mental Hospital, Bangalore; Government Mental Hospital, Dharwar; Mental Hospital, Thana; Mental Hospital, Ratnagiri; Central Mental Hospital, Yeravada; Mental Hospital, Nagpur; Private Hospital, Miraj; Mental Hospital, Amritsar; Mental Hospital, Jaipur; Mental Hospital, Jodhpur; Orissa Red Cross Mental Health Institute, Cuttack; Mental Hospital, Varanasi; Mental Hospital, Agra; Mental Hospital, Bareilly; Nur Manzil Psychiatric Centre, Lucknow; Mental Observation Ward, Calcutta; Lumbini Park Mental Hospital, 24 Parganas; Bangiaunmad Ashram, Calcutta; Mental Hospital, Calcutta; Bodhi Peet Mental Hospital, Calcutta; Mental Hospital, Mankundu, Hooghly; Mental Hospital, Delhi; Mental Hospital, Panaji; Kasturba Sevashram Mental Hospital, Masood Bazar.

The All-India Institute of Mental Health, Bangalore, conducts various Post-Graduate Courses in : (i) M.D. in Psychological Medicine; (ii) Diploma in Psychological Medicine (DPM); (iii) Diploma in Medical & Social Psychology; (iv) Ph.D. in Clinical Psychology; (v) Diploma in Psychiatric Social Work (DPSW). In addition to these, M.S. Course in Neurosurgery has been sanctioned. The M.D. course in Neurology is to commence soon. The Institute is affiliated to the Bangalore University for Post-Graduate courses. Post-certificate course in Psychiatric Nursing (D.P.N.) is also conducted at the Institute. This Diploma is recognised by the Government of India and the Indian Nursing Council.

PUBLIC HEALTH MEASURES

There were up to September 30, 1968, 4,840 primary health centres and 21,752 sub-centres had been established in 4,997 C.D. blocks.

Total number of primary health centres functioning on Sept. 30, 1968 (State-wise): Andhra Pradesh 409; Assam 99; Bihar 587; Gujarat 250; Haryana 89; Jammu & Kashmir 69; Kerala 163; Madhya Pradesh 428; Tamil Nadu 293; Maharashtra 377; Mysore 243; Nagaland Nil; Orissa 282; Punjab 120; Rajasthan 161; Uttar Pradesh Nil; West Bengal 12; Union Territories: Delhi 2; Himachal Pradesh 50; Manipur 12; Tripura 15; N.E.F.A. 68; Pondicherry 12; A. & N. Islands 1; L. M. & A. Islands 3; Goa: Nil; Dadra and Nagar Haveli 1; Chandigarh: Nil.

Water Supply and Sanitation

National Water Supply and Sanitation Programme: Forty-four urban schemes at a total estimated cost of Rs. 633.61 lakhs were approved by the Central Public

Health Engineering Organisation during 1968-69. Six hundred rural water supply schemes at a total estimated cost of Rs. 159.4 lakhs were approved by the State Governments.

DRUGS

The control over imported drugs is exercised by the Central Government through its offices at the ports of Bombay, Calcutta, Cochin and Madras.

Manufacture by units employing capital exceeding Rs. 10 lakhs is regulated by the Directorate-General of Technical Development, Central Government. Manufacture by units with capital less than Rs. 10 lakhs is regulated by the respective State Directorates of Industries. Control over 'new drugs', imported or indigenously manufactured is exercised by the Central Drugs Control Organisation.

The Drugs and Cosmetics Act has been amended empowering the Central Government to assist State Governments in exercising control over the quality of drugs and cosmetics manufactured in the country. Ayurvedic and Unani medicines have been brought under the purview of the Drugs and Cosmetics Act. Rules for the control of Homoeopathic medicines under the Drugs and Cosmetics Rules have been published and have been brought into force.

NURSING

At the end of the year 1966, there were 57,621 registered nurses, 62,537 registered midwives, 3,108 registered health visitors and 15,988 auxiliary nurse-midwives. The total number of qualified health visitors in India on 31st December, 1966, was about 5,382.

The number of training institutions for nursing personnel and of students under training at the end of 1967 were as follows (The figures within brackets indicate the number of students): Nurses 253 (19,370); Midwives* 220 (3,820); Auxiliary Nurse-Midwives 334 (10,724); Health Visitors 20 (1,586).

During 1967-68 a sum of Rs. 25 lakhs was given as grant-in-aid for the training of nurses to 45 voluntary organisations in the country and a sum of Rs. 26 lakhs as grant-in-aid for the training of auxiliary nurse-midwives to 75 voluntary organisations.

The Countess of Dufferin's Fund

The Fund which is now a Govt. of India body grants scholarships to Lady Post-graduate and Under-graduate Medical students and B.Sc. (Nursing) and Public Health Nursing students studying in Medical and Nursing Colleges respectively in India.

MEDICAL EDUCATION

The total number of admissions in the medical colleges in the country during the academic year 1967-68 was 11,106.

List of medical colleges university-wise in India during 1967-68 :

Agra University, Agra: S. N. Medical College, Agra. *Allahabad University, Allahabad:* M.L.N. Medical College, Allahabad. *Andhra University, Waltair:* Andhra Medical College, Visakhapatnam; Guntur Medical College, Guntur; Rangaraya Medical College, Kakinada. *All India Institute of Medical Sciences, New Delhi.* *Aligarh Muslim University, Aligarh:* Medical College, Aligarh. *Bihar University, Muzaffarpur:* Darbhanga Medical College, Laheriasarai. *Banaras Hindu University, Varanasi:*

* Of these 215 schools give a 6 to 9 months course to qualified nurses and the remaining five schools give a 12 to 19 months course in Midwifery to candidates, who are not qualified nurses.

College of Medical Sciences, Varanasi. *Baroda University, Baroda*: Medical College, Baroda. *Bombay University, Bombay*: Grant Medical College, Bombay; Seth G. S. Medical College, Bombay; T. N. Medical College, Bombay; Goa Medical College, Panaji; Municipal Medical College, Sion, Bombay. *Bangalore University, Bangalore*: Bangalore Medical College, Bangalore; St. John's Medical College, Bangalore. *Calcutta University, Calcutta*: Medical College, Calcutta; R. G. Kar Medical College, Calcutta; N.R.S. Medical College, Calcutta; Calcutta Nat. Medical Instt., Calcutta; B.S. Medical College, Bankura. *Delhi University, Delhi*: Ladv Hardinge Medical College, New Delhi; Maulana Azad Medical College, New Delhi. *Dibrugarh University, Dibrugarh (Assam)*: Assam Medical College, Dibrugarh. *Gauhati University, Jalikbari (Gauhati)*: Gauhati Medical College, Gauhati; Medical College, Silchar (Assam). *Gujarat University, Ahmedabad*: B. J. Medical College, Ahmedabad; M. P. Shah Medical College, Jamnagar; Municipal Medical College, Ahmedabad. *Jiwa, University, Gwalior*: G. R. Medical College, Gwalior. *University of Indore, Indore*: M.G.M. Medical College, Indore. *University of Jabalpur, Jabalpur*: Medical College, Jabalpur. *Karnatak University, Dharwar*: Karnatak Medical College, Hubli; Medical College, Belgaum; Medical College, Gulbarga. *Nagpur University, Nagpur*: Medical College, Nagpur. *Kerala University, Trivandrum*: Medical College, Trivandrum; Medical College, Calicut; Medical College, Kottayam; T.D. Medical College, Alleppey (Kerala). *University of Lucknow, Lucknow*: K. G. Medical College, Lucknow; G.S.V.M. Medical College, Kanpur. *Madras University, Madras*: Medical College, Madras; Stanley Medical College, Madras; Christian Medical College, Vellore; Kilpauk Medical College, Madras; Medical College, Pondicherry; Thanjavur Medical College, Thanjavur; Medical College, Chingleput; Medical College, Coimbatore. *Madurai University, Madurai*: Madurai Medical College, Madurai; Tirunelveli Medical College, Tirunelveli. *Marathwada University, Aurangabad*: Govt. Medical College, Aurangabad. *Mysore University, Mysore*: Mysore Medical College, Mysore; Medical College, Bellary; Kasturba Medical College, Manipal; Medical College, Davangere. *Osmania University, Hyderabad*: Osmania Medical College, Hyderabad; Gandhi Medical College, Hyderabad; Kakatiya Medical College, Warangal. *Punjab University, Chandigarh*: Medical College, Amritsar; Christian Medical College, Ludhiana; Govt. Medical College, Rohtak; Dayanand Medical College, Ludhiana; Medical College, Simla. *Punjabi University, Patiala*: Govt. Medical College, Patiala. *Patna University, Patna*: P.W. Medical College, Patna. *Poona University, Poona*: B.J. Medical College, Poona; Armed Forces Medical College, Poona. *Rajasthan University, Jaipur*: S. M. S. Medical College, Jaipur; S.P. Medical College, Bikaner; R.N.T. Medical College, Udaipur; Medical College, Jodhpur; Medical College, Ajmer. *Ranchi University, Ranchi*: Rajendra Medical College, Ranchi; M.G.M. Medical College, Jamshedpur. *Ravishankar University, Raipur*: J.L.N. Medical College, Raipur. *S.V. University, Tirupati*: Kurnool Medical College, Kurnool; S.V. Medical College, Tirupati. *Shriji University, Kolhapur*: Miraj Medical College, Miraj; Dr. V. M. Medical College, Sholapur. *Saugar University, Saugar*: S.S. Medical College, Rewa. *Utkal University, Bhubaneswar*: S.C.B. Medical College, Cuttack. *Vikram University, Ujjain*: Gandhi Medical College, Bhopal. *Jammu & Kashmir University, Srinagar*: Govt. Medical College, Srinagar. *Meerut University, Meerut*: L.L.R.M. Medical College, Meerut. *Sambalpur University, Sambalpur*: Burla Medical College, Burla. *Berhampur University, Berhampur*: Medical College, Berhampur. *South Gujarat University, Surat*: Medical College, Surat.

DENTAL EDUCATION

There are now fifteen Dental Institutions all affiliated to Universities, training students for the degree of Bachelor of Dental Surgery (B.D.S.) having facilities for about 580 admissions in all the following Dental Colleges.—

Punjab Govt. Dental College, Amritsar; Nair Hospital Dental College, Bombay; Govt. Dental College & Hospital, Bombay; Dr. R. Ahmed Dental College & Hospital, Calcutta; Dental Wing, K.G. Medical College, Lucknow; Dental Wing, Madras Medical College, Madras; Dental College, Bangalore; Dental College, Trivandrum; Dental Wing, Osmania Medical College, Hyderabad; Dental College & Hospital, Patna; College of Dentistry, Indore; Govt. Dental College, Ahmedabad; Dental Wing, Kasturba Medical College, Manipal (S. Kanara); Govt. Dental College & Hospital, Nagpur; and Dental Wing, Govt. Medical College, Patiala.

The eight specialities for Post-graduate education in Dentistry as prescribed by the Dental Council of India are:—Prosthetic Dentistry, Oral Surgery, Operative Dentistry, Orthodontia, Periodontia, Oral Diagnosis and Dental Radiology, Dental Pathology and Bacteriology, and Pedodontia and Preventive Dentistry.

Thirty-four Post-graduate Departments in the various specialities of dentistry have been established at the following centres:—

Govt. Dental College, Bombay:—Prosthetic Dentistry, Periodontia, Orthodontia, Dental Pathology & Bacteriology, Oral Surgery, Operative Dentistry and Dental Radiology.

Nair Hospital Dental College, Bombay: Prosthetic Dentistry, Periodontia, Operative Dentistry, Orthodontia, Dental Pathology & Bacteriology, Dental Radiology and Oral Surgery.

Dental Wing, K. G. Medical College, Lucknow: Prosthodontics, Periodontics, Orthodontics, Oral Surgery & Preventive Dentistry.

Dental College, Trivandrum: Operative Dentistry & Prosthetic Dentistry.

Dental College, Bangalore: Orthodontia, Oral Surgery and Periodontia.

Punjab Govt. Dental College, Amritsar: Dental Prosthetics, Crown & Bridge Work and Pedodontia & Preventive Dentistry.

Dental Wing, Madras Medical College, Madras: Oral Surgery and Periodontology.

Dr. R. Ahmed Dental College & Hospital, Calcutta: Prosthetic Dentistry.

Government Dental College & Hospital, Ahmedabad: Operative Dentistry, Prosthetic Dentistry, Periodontia, Oral Pathology & Bacteriology and Oral Diagnosis & Radiology.

The Dental Mechanics course extends over a period of two academic years and that for Dental Hygienists lasts for one year.

Facilities for the training of Dental Mechanics are available at: Govt. Dental College & Hospital, Bombay, Dental Wing, K.G. Medical College, Lucknow, Dental College, Trivandrum, Dental Wing, Madras Medical College, Madras, Dental College, Bangalore & various centres of the Armed Forces for Army personnel only.

Facilities for the training of Dental Hygienists are available at: Govt. Dental College & Hospital, Bombay; Dental College, Trivandrum; Dental Wing, Madras Medical College, Madras and Armed Forces Medical College, Poona for Army personnel only.

Progress in Dental Research: The Indian Council of Medical Research and the Government of India have sanctioned at Lucknow Dental College & Hospital a Research Project under PL 480 Grant in (i) Prophylaxis Procedure on the Control of Periodontal Diseases for Rs. 7,62,377 for three years, and (ii) another Research Project under PL 480 Grant for Rs. 6,54,580 for five years on Sodium Fluoride Intake and Dental Caries. There is already a permanent Research Unit in Periodontology at Lucknow sanctioned by the Indian Council of Medical Research for five years for about Rs. 5,00,600. The Dental College at Ahmedabad has also been sanctioned a Research Project in 'Oral Cancer' by the Indian Council of Medical Research under PL 480 Grant for Rs. 10,74,799 for six years. A PL 480 Grant Research Project on 'Oral Cancer' is already in operation at Madras for Rs. 4,01,290 for five years. During 1967 the Indian Council of Medical Research has approved Research Grants for Rs. 3,05,165 for 20 old and new research schemes. One important work is at Lucknow on "Sodium Fluoride Tooth Pastes and Fluoride Phosphate Solution" to arrest Dental Caries in children.

There are roughly 300 Dental Clinics, mostly at District Hospitals and during the next five years more such clinics are expected to be opened at District and Tehsil Hospitals. A sizeable number of School Dental Clinics are expected to be opened in various parts of the country. Each School Dental Clinic shall be designed to look after 3,000 school-going children between the age of 5-16 years.

PHARMACY

The Pharmacy Council of India (Central Council), constituted under the Pharmacy Act of 1948 and situated at Temple Lane, Kotla Road, Post Box No. 337, New Delhi-1, prescribes and regulates the minimum educational standards of pharmacy namely, the educational regulation; approves courses and examinations in pharmacy which are in conformity with the education regulations and qualifications in pharmacy granted outside the extent of the Act for the purpose of qualifying for registration as pharmacist; encourages the development of pharmaceutical courses; educates the public about the profession and prospects in pharmacy; has also recommended a code of pharmaceutical ethics for the members of the profession; maintains a books library and films library on various aspects of pharmacy.

Enforcement of the Pharmacy Act, 1948 :

With a view that the practice of pharmacy is restricted to properly qualified and competent persons, the State Governments constitute a Registration Tribunal which prepare the first Register of all persons who have been in the profession up to a particular date. This leads to the constitution of the State Pharmacy Council which maintains the register thus formed and effect subsequent registration.

Pharmaceutical courses :

The names of 45 institutions which impart the pharmaceutical courses are given below :—

Department of Pharmacy, Andhra University Colleges, Waltair (Andhra Pradesh; B. Pharm); Government Polytechnic for Women, Kakinada (Andhra Pradesh; *D. Pharm); Kamala Nehru Girls Polytechnic, Mukram Jahi Market, Hyderabad (Andhra Pradesh; *D. Pharm); Government Polytechnic, Hyderabad (Andhra Pradesh; D. Pharm); Government Polytechnic, Visakhapatnam (Andhra Pradesh; D. Pharm); Government Polytechnic, Tirupati (Andhra Pradesh; D. Pharm); Assam Medical College, Dibrugarh (Assam; *D. Pharm); Pharmacy School, Patna (Bihar; *D. Pharm); L.M. College of

Pharmacy, Navrangpura, Ahmedabad (Gujarat, *D. Pharm, Inter Pharm, *B. Pharm); Calicut Medical College, Calicut (Kerala, D. Pharm); Maharaja College, Ernakulam (Kerala, M.Sc. Pharmaceutical Chemistry); Pharmacy Department, University of Saugar, Saugar (Madhya Pradesh; *B. Pharm); S. V. Government Polytechnic, Bhopal (Madhya Pradesh; *D. Pharm); Madras Medical College, Park Town, Madras (Madras; *D. Pharm, *B. Pharm); Madurai Medical College, Madurai (Madras, *D. Pharm, *B. Pharm); Christian Medical College, Vellore (Madras, *D. Pharm); Bombay College of Pharmacy, Kalina, Bombay (Maharashtra, *D. Pharm); Government Polytechnic, Karad (Maharashtra; *D. Pharm); College of Engineering, Karad (Maharashtra; *B. Pharm); Government Polytechnic, Jalgaon (Maharashtra; *D. Pharm); Government Polytechnic, Amravati (Maharashtra, *D. Pharm); Department of Chemical Technology, Bombay-19 (Maharashtra; B. Pharm); Nagpur University, Nagpur (Maharashtra, B. Pharm); Poona College of Pharmacy, Poona (Maharashtra, *D. Pharm); Government College of Pharmacy, Bangalore (Mysore, *D. Pharm, *B. Pharm); National Institute of Pharmacy, Shimoga (Mysore, D. Pharm); The Kasturba Medical College, Manipal (Mysore, *D. Pharm, *B. Pharm); V.L. College of Pharmacy, Raichur (Mysore, D. Pharm); S.C.B. Medical College, Cuttack (Orissa, *D. Pharm); School of Pharmacy, Belgaum (Mysore, D. Pharm); Medical College, Burla, Sambalpur (Orissa, *D. Pharm); Government Medical College, Patiala (Punjab; *D. Pharm, and Dressers' Course); Medical College, Amritsar (Punjab, *D. Pharm and Dressers' Course); Rohtak Medical College, Rohtak (Haryana, D. Pharm); Birla Institute of Technology, and Science, Pilani (Rajasthan, *B. Pharm(Hons.), B. Pharm(Tech.)); College of Technology, Banaras Hindu University, Varanasi (U.P., B. Pharm); Government Polytechnic for Women, Ambala (Haryana; D. Pharm); S.M.S. Medical College, Jaipur (Rajasthan, M. Pharm Pharmacology); G.S.V.M. Medical College, Kanpur (U.P., *D. Pharm); Pharmacy Training Centre, Jalpaiguri (West Bengal, *D. Pharm); Jadavpur University, Calcutta (West Bengal; *D. Pharm); Government Polytechnic for Women, Chandigarh (Union Territory; *D. Pharm); Deptt. of Pharmacy, Punjab University, Chandigarh (Union Territory; *B. Pharm); Goa College of Pharmacy, Panaji (Goa; *D. Pharm, B. Pharm); Pusa Polytechnic, Pusa, New Delhi (Union Territory, *D. Pharm).

The following institutions were expected to start pharmaceutical courses during the year 1969 :—

Pharmacy School, Baroda (Gujarat, B. Pharm); College of Pharmacy, Rajkot (Gujarat); Medical College, Trivandrum (Kerala, B. Pharm); Medical College, Kozikode (Kerala); Medical College, Kottayam (Kerala); Nagpur University, Nagpur (Maharashtra, D. Pharm); J.J.M. Medical College, Davengere (Mysore); Government Girls' Polytechnic, Lucknow (U.P.); Sarojini Naidu Medical College, Agra (U.P.); Moti Lal Medical College, Allahabad (U.P.); G.S.V.M. Medical College, Kanpur (U.P., B. Pharm); Government Medical College, Calcutta (West Bengal).

Qualifications granted outside the extent of Pharmacy Act : The Central Council have approved the following qualifications for the purpose of qualifying for registration as a pharmacist in respect of the Indian Nationals : Degree in Pharmacy granted by any accredited college of pharmacy of the U.S.A.; Degree in Pharmacy of B.Sc. (Pharm) of a British University; Diploma of Chemist and Druggist and Pharmaceutical Chemist of the Pharmacy Society of Great Britain; Diploma in Pharmacy of the University of Adelaide, South Australia; Doctorate in

* Approved by the Pharmacy Council of India for qualifying for registration as a Pharmacist under Pharmacy Act, 1948.

Science (Pharmaceutical Chemistry) granted by the University of Frankfurt a/m, West Germany; Pharmaceutical Diploma granted by the Government of Goa (Pre-independence)†; Compounder's Diploma in Pharmacy granted by the Government of Burma; Diploma granted by the Ceylon Authorities to those who have practised Pharmacy for a period of five years; Diploma for Pharmacist granted by East Bengal Government; and Dresser's Diploma Grade I, II and III granted by the Federated Malaya States; † Diploma in Pharmacy granted by the Universities of Switzerland before December, 1973.

Practical Training :

The student pharmacists have to undergo a practical training in an approved institution — hospital/dispen-

† These courses are recognised for registration in First Register only.

sary for a period of not less than 750 hours covered in, not less than 3 months. The Central Council has approved 230 institutions having a training capacity of 1,071 student pharmacists. State-wise number of institutions and available seats respectively are as under :—

Assam : 7 ; 27 ; Andhra : 19 ; 109 ; Bihar : 14 ; 91 ; Gujarat : 24 ; 21 ; Haryana : 6 ; 13 ; Tamil Nadu : 25 ; 287 ; Maharashtra : 45 ; 172 ; Mysore : 39 ; 115 ; Punjab : 22 ; 88 ; U.P. : 2 ; 19 ; West Bengal : 21 ; 110 ; Delhi : 4 ; 15 ; Chandigarh : 1 ; 4 .

Registration of Pharmacists :

There were 74,547 pharmacists registered by the end of December, 1966 in India.

INDO-PAKISTAN RELATIONS

Some items and incidents in Indo-Pakistan relations during the period under review—May 1968 to July 1969 :—

As in the case of China, a separate note of protest was also sent to Pakistan (as was revealed in the first week of May 1968) about the construction of a strategic road from Sinkiang in China to Gilgit in Pakistani-occupied Kashmir. The protest arose because it infringed Indian sovereignty.

It was reported in the middle of June that the Italian Government had agreed on a representation from India to put an embargo on the sale of surplus tanks to Pakistan. It was pointed out to the Government of Italy that such a sale could damage relations between Italy and India.

On June 28, Mr. Arshad Husain, the then Foreign Minister of Pakistan made a statement in the Pakistan Assembly to the effect that Pakistan would never accept the cease-fire line in Kashmir as an international boundary. He added that while he was in India he found no 'change of heart', which according to him, was needed to solve mutual problems. He said that Pakistan attached the highest priority to a settlement of differences with India, sp. Kashmir and the Farakka Barrage. He drew a distinction between 'election' and 'plebiscite' that while a plebiscite reveals the will of the people, an election is merely a question of choosing candidates for a legislature.

In a strongly worded protest note delivered on July 5 India denied with emphasis that she had had any part in the so-called conspiracy in East Pakistan for secession. It was explained that this was wholly a matter of internal disaffection in Pakistan. The charge made in the course of the trial that India had promised arms supply for a planned revolt was a figment of the imagination. At no time did India interfere in the internal affairs of Pakistan and is not interested in doing so. The note also rejected the charges made against Mr. P. N. Ojha, who had been Indian Deputy High Commissioner in Dacca as completely false. It expressed its sense of disappointment that far from trying to normalise relations between India and Pakistan as was required by the Tashkent Declaration, the Pakistan Government should have attempted to involve India in what are essentially Pakistan's internal affairs.

In another note in the same month India made the charge that Pakistan had violated the spirit of the Tashkent Declaration by distorting and exaggerating some communal riots that had taken place in this country. The two countries had bound themselves to eschew hostile propaganda which may harm relations and prevent the peaceful

resolution of differences. As a matter of fact, Pakistan's leaders contrary to the spirit of this clause in the Declaration were making false and inflammatory speeches about the condition of Muslims in India.

In August reports about Soviet arms supplies to Pakistan created dismay and consternation in India and led to the diplomatic exchanges between India and the U.S.S.R. There appeared to have been no straight answer from the Soviet Union but Mr. Kosygin declared that the sending of arms supplies to Pakistan were decided from the point of view of friendship between India and the Soviet Union.

Talks had been taking place between India and Pakistan over the Farakka Barrage. Pakistan Strategy appeared to be to try to involve a third party and make it a political and not a technical issue. Pakistan was making fantastic demands and wanted the Kosi and Gandak projects also to be brought under the purview of the talks. India was resisting both, and Mr. K. L. Rao, Minister for Irrigation & Power, gave the assurance that the construction of the barrage was progressing according to schedule and was expected to be completed ahead of time.

In the last week of August the Rajasthan Government asked the Government of India to annul the citizenship of some thousands of persons who had migrated to Pakistan during the 1965 conflict. Rajasthan was confronted with the problem of large-scale infiltration from Pakistan. But there appeared to be legal complications in the matter of annulment.

There was a charge from Pakistan (middle of August) that India was making large-scale war preparations to which India replied by saying that Pakistan should know the charge is absurd. India had no territorial designs whatever on Pakistan. Pakistan leaders were making false charges to cover up their own ambitions. Pakistan was, in fact, feverishly engaged in doubling her war potential.

In September India and Pakistan agreed on a demarcation of the Kutch boundary on a sectional basis, and also that the work should be completed by May 1969 as was earlier decided.

On October 4, documents were released by the Ministry of External Affairs offering proof of Pakistan's complicity with the Naga and Mizo hostiles.

On Oct. 14, it became known that Pakistan's Enemy Properties Management Board had offered for sale Rs. 100 crores worth of Indian assets.

On Oct. 26, the eve of the tenth anniversary of his assumption of power, President Ayub in a broadcast declared that he was willing to sign a no-war pact with India provided it was accompanied by another pact laying down how the two countries could settle their differences.

On Nov. 10, India made known her concern to U.S. and Turkey about reports in regard to a decision to supply to Pakistan 100 U.S. M-47 tanks through Turkey. This was later denied by the Turkish Government.

On Nov. 26, Pakistan announced the auction of Indian evacuee property in the western wing of the country. India had previously warned Pakistan that if she continued in her policy of auctioning Indian property seized during the conflict normalising relations would become difficult.

In the middle of Nov. there were reports from Kashmir that the State Government had smashed a Pakistani spying, which had ramifications throughout the State.

There started on December 15 a five-day conference of Indian and Pakistani officials in New Delhi on the Farakka barrage. It ended with no constructive results.

Pakistan has a project report on what is called the Ganga Barrage projects involving the fantastic expenditure of Rs. 450 crores and designed to irrigate 9 million acres. Such a project, it has been pointed out, will submerge a good part of West Bengal and East-Pakistan. Pakistan has also raised the demand for water from the Ganges to the absurd figure of 58,000 cusecs from the original figure of 3,500. The prospects of a settlement were dim.

At a news conference on Jan. 1, 1969, in New Delhi, the Prime Minister, Mrs. Gandhi, commenting on President Ayub's views on the proposed no-war pact, said that it was no use trying to have such a pact on the condition that differences should first be settled.

On Jan. 9, the Supreme Court held that the implementation of the Kutch Award did not involve cession of Indian territory to Pakistan. Hence there was no need for a constitutional amendment.

On Jan. 10, the third anniversary of Tashkent, India proposed the setting up of joint machinery to go into various Indo-Pakistan problems. Pakistan's response was negative.

The Indian Defence Minister, Mr. Swaran Singh, said in Parliament on Feb. 19 that Pakistan had brought war material from foreign countries valued at over \$700 million.

The Minister for Defence Production, Mr. L. N. Mishra confirmed in Parliament that Russian war equipment had been sent to Pakistan.

Mr. Swaran Singh, the Defence Minister, admitted for the first time in Parliament that there was a change in Russian policy towards Pakistan since Tashkent.

During his visit to Afghanistan, the Russian Prime Minister, Mr. Kosygin, suggested talks among Iran, India, Afghanistan and Pakistan for regional co-operation. In June 23, it was reported from Kabul that Afghanistan had contacted India in connection with a conference on regional transit regulations and facilities through the use of the Afghan highway net-work for east-west and north-south overland transit. Turkey had also been contacted.

On June 26, India protested to Pakistan as she did to China about a second road linking Sinkiang and Pakistani-occupied Kashmir, as this territory legally belongs to India. The note said that the purpose in building the road was military expansionism.

On July 4, the plenipotentiaries of India and Pakistan signed the strip maps of demarcation of Rann of Kutch. The ceremony took place in Islamabad.

SINO-INDIAN RELATIONS

ABOUT July 1968 a re-thinking on India's relations with China became faintly visible. In what direction the change was sought to be effected was not clear, but that there was a vague general desire for change in certain official and also non-official quarters, there can be little doubt. Re-thinking may have been going on under the surface but what brought it above ground was reports that Russia had at last decided to supply Pakistan with arms, however small the supply may be and of whatever nature.

Actually there were about three or four factors which may have induced a change. First, there was the feeling that relations cannot remain frozen for all time and for two neighbours to remain at daggers drawn perpetually would hurt both the countries. Secondly, all over the world a resorting of relations was taking place between erstwhile adversaries. There were conscious efforts at detente and relaxation between the parties on the two sides of the iron curtain. Russia was improving her relations with her neighbours to the south for instance, with Turkey and Persia, and also Pakistan. And in the United States voices were being raised in favour of some kind of tentative approach to China. The defence burden is also beginning to tell in the context of the desperate search for plan resources. Confronted with the necessity of taxing agricultural income (a tentative effort in this direction is already proposed), which is not very palatable, one or two Chief Ministers of the Standing Committee

of the National Development Council proposed that the question of reducing the defence expenditure (without affecting efficiency) should be considered. But how can one reduce the defence burden, it was asked, without removing or at least minimising the pressure of causes that led to the imposition of the burden? In addition to all this, there was a certain disappointment at the attitude of the West both in the matter of the amount of military help consequent on the Chinese attack, and of a certain ambiguity that is discernible in the assessment of the nature and the significance of our dispute with China.

But what influenced Indian opinion more powerfully than anything else was the fact that Pakistan had succeeded in establishing a kind of *modus vivendi* with three big powers which mattered to her, Russia, America and China without apparently antagonising any of the three. In fact, Pakistan appeared to have made a specially profitable bargain by following a thoroughly neutral and pragmatic policy. In contrast, Indian policy seemed somehow rigid, lacking any capacity for manoeuvre. On top of all this came news about the Russian agreement to provide arms to Pakistan.

First evidence of this change of thinking in India came from the nature of the answers that the Prime Minister gave in Parliament in December 12. Mrs. Gandhi said India had an open mind in regard to a dialogue with China, but there had been no indication of any re-thinking on the part of China, which continued to behave in an un-

predictable way. Mrs. Gandhi was in fact answering a number of questions on the possibility of an exchange of ambassadors and establishing a detente with China. She said that so far, there had been no indication of any desire on the part of China for a change for the better. She elaborated her earlier point by saying that because a country is extremely hostile at the moment, it does not mean that the situation would continue to remain the same. Ideas about sending an ambassador appeared to be premature.

The question was pursued at a press conference on January 1 in New Delhi. Here Mrs. Gandhi visualised the possibility of finding some way of resolving the dispute with China, however difficult the situation, though whatever India does would have to be consistent with national honour and interest. The difficulties were immense. China was in occupation of Indian territory; she still put out extremely hostile propaganda, and helped with arms and training facilities to Naga and Mizo rebels.

Much of this had been said before but many observers at the press conference had the impression that things were somehow different this time. The Prime Minister appeared to be intent on lowering the temperature somewhat. For instance, she deprecated the tendency to say of any country that it is our greatest single enemy. She quite clearly disapproved of the Tibetan demonstrations before the Chinese Embassy the day before. Mrs. Gandhi also appeared to argue against rigidity, and said that by adopting inflexible attitudes one could not expect to solve anything. Standing fast on present positions had not helped to tackle any of the problems that divide India from China. Some observer professed to notice that there was in the External Affairs Ministry a point of view which seems to demand that our attitude to China should be such that the door to understanding is open so that China could come through if and when she is ready.

But then, as the Prime Minister herself confessed at the press conference, that though we should find some way out of the difficulty she does not know what the way is. That these difficulties are serious is generally recognised. There is, for instance, a conviction that China and Pakistan are now so closely involved in each other's fortunes that it may be useless to try to restore good relations with the one without being prepared to make corresponding adjustments in our relations with the other. And this is too daunting and too huge a task to contemplate.

The second difficulty in trying to normalise relations with China is that here it is not merely a question of removing suspicion or misunderstanding, of a better appreciation of one another's needs and difficulties or of a discovery of common interest. What is involved is at best a tacit acquiescence in the loss of territory, at worst a willingness to actually cede territory which belongs to us. This is too great a sacrifice for any self-respecting country to make.

Some individual items, incidents that marked Sino-Indian relations during the period under review are given below :—

On March 4, 1968, Red Guards from the Chinese Embassy kidnapped an Indian constable by name Ghan-shyam and kept him under detention for four hours. He was released after the External Affairs Ministry

intervened. Third degree methods were reported to have been employed to extort confession. A case of kidnapping was registered.

* * *

The Indian Embassy in Peking, was compelled to move to new premises despite protest. There was an exchange of correspondence between the two countries on the subject, in which India made the point that this was a violation of an old contract drawn up in 1954. But India was ready to give up the plot for another suitable site, and was also prepared to move into the new premises indicated, but compensation would have to be paid.

* * *

It was learnt on May 9 that the Government of India had sent separate protest notes to China and Pakistan for infringing Indian sovereignty through the construction of a strategic road linking the Chinese province of Sinkiang to Gilgit in Pakistan occupied Kashmir. It is an all-weather road and can take heavy traffic—at least that part which is in Sinkiang could. It was also reported at the time that the agreement between China and Pakistan about the building of the road described Gilgit as being part of Pakistan. This seemed sinister because a previous agreement between the two countries over the demarcation of the boundary said that it was provisional and merely took note of the actual position without prejudice to the legal status of the area. The new agreement therefore looked like a marked shift in China's position in relation to Kashmir and the dispute that Pakistan had raised over it.

On June 10 the Official Chinese news agency charged India with having intruded into Chinese air space on several occasions. It alleged that Indian military planes flew over the Shantung area of Tibet and across the Sikkim border. It further charged that these intrusions were carried out in co-operation with 'U.S. imperialists' and 'Soviet revisionists'. India denied that there were any such incursions.

On June 26, 1969 India lodged a strong protest with both Pakistan and China against the construction of a new road from Mor Khun in Northern Kashmir to the Khunjerab Pass in the Kashmir-Sinkiang border to facilitate Chinese troop movements from Sinkiang and Tibet into Pakistan-occupied Kashmir and then on to Pakistan in case any crisis developed in the area.

It was explained by a spokesman of the Indian Government that the road on the Chinese side had been completed. Work on the western side was in progress. The Government was considering what further action could be taken besides protesting.

On April 23, the Chinese troops across Nathu La delivered an ultimatum to Indian security forces asking that the Indian forces should vacate. If they did not leave by noon the following day, the Chinese threatened they would open fire. There was a second warning on April 24. But the Indian troops stuck to their ground, and cautioned the Chinese against reckless action. This also led to a diplomatic exchange in New Delhi in which the Chinese Charge d'Affaires gave an assurance that the Chinese had strict instructions not to open fire except in self-defence. The ultimatum expired, and nothing happened.

KERALA MINISTRY

The Kerala's 32-month Marxist-led United Front Ministry resigned on Oct. 24, 1969 after it was defeated in the State Assembly, by 69 votes to 60 on a motion seeking to include the Marxist Ministers within the ambit of the graft probe.
